SUIT OVER LAND TRADES SETTLED

Judgment Entered in Court Today
Exonerates A. N. Harold and
Others of Conspiracy Charge.

SUIT BY WILLIAM DAGLER.

Plaintiff Recovers Rush County
Farm From Sanfords But Pays
Costs of Other Defendants.

A settlement of the case brought by William Dagler of this city against William Eikenberry of Howard county, William Sanford of Michigan, Alva N. Harold of near Rushville and others was entered on record in the circuit court this morning.

The complaint in this case charged that William H. Eikenberry is the head of a conspiracy, defrauded Dagler out of 20 acres of land in Rush county, a sum of money and 100 acres of land in Morgan county, Indiana, by deeding him a farm in Ohio which was of little or no value; that the deed in question was made by William Sanford and the Rushville property and the Morgan county land was deeded to Sanford. Under this paragraph of complaint attorneys say it would have been possible for the court to have found for Dagler on his charge of conspiracy against all the parties he sued or to have found in favor of the defendants on a conspiracy charge, and at the same time found that any one of the defendants was guilty of defrauding Dagler out of his land and money through the fraudulent representations.

The decree and judgment which was entered in open court, by agreement of all the parties, provides that the Sanfords convey to some person selected by Dagler 20 acres of land lying immediately west of Rushville, formerly owned by Captain U. D. Cole, and that Dagler convey to Sanford 95 acres of land near Bloomington, Indiana, which Dagler finally received in this trade. This is accepted by Dagler as a full settlement of all matters sued for in the complaint in question in which he asked damages amounting to \$82,000.00. Sanford retains 100 acres of land in Morgan county, worth probably \$15,000.00, conveyed by Dagler to him, and also retains whatever money was paid him in addition thereto.

The judgment is especially interesting in view of the fact that it entirely and completely exonerates William H. Eikenberry, Alva N. Harold, Oliver J. Frazee, William Boyd, Arthur P. Foreum and Pharoah N. Hill from, in any manner, having anything to do with, or taking any part in the trades complained of, or with having received any of the benefits derived therefrom. The language of the judgment in this respect is as follows:

"That no conspiracy was ever entered into by and between the defendants to defraud the plaintiff and that the defendants, William H. Eikenberry, Alva N. Harold, Oliver J. Frazee, William Boyd, Arthur P. Foreum and Pharoah N. Hill in no manner directly or indirectly defrauded the plaintiff, nor received any benefit or profit whatever from any of the transactions alleged in the complaint, and are not liable to the plaintiff in any sum whatsoever on account of the allegations of the complaint herein and are entitled to a judgement in their favor thereon and for costs.

"It is therefore considered and adjudged by the court that no conspiracy was ever entered into by and between the defendants, William H. Eikenberry, Alva N. Harold, Oliver J. Frazee, William Boyd, Pharoah N. Hill and Arthur P. Foreum with the defendants William Sanford,

CONDITION IS IMPROVED

Prospects for Bert Buell's Recovery
are Better Today.

Bert Buell of Fayette county, son of Mrs. Marshall Buell of this city, who was seriously injured in Indianapolis last Thursday night when his automobile was "sideswiped" by a street car, was slightly improved today, according to word received by relatives here, but is not yet entirely out of danger. It was stated that the attending physician does not now believe that he is injured internally, but that there are still chances of complications. He was unconscious from a blow on the head, up until yesterday morning, and since that time has been conscious only a part of the time.

SOLDIERS ASKED TO SIGN RECEIPTS

Men of Sanitary Detachment Urged
to Call on Dr. L. M. Green to Get
Refund From State.

HE WILL CERTIFY TO THEM.

Dr. Lowell M. Green announced today that he had received the receipts for the money which the state will pay the men of the sanitary detachment of the 139th Field Artillery for the equipment which was issued to them and for which they paid. Each man who belonged to the unit is urged to see Dr. Green at once, and sign a receipt. Dr. Green will then certify to them and forward the receipts to the adjutant general, Harry B. Smith. This procedure is necessary, Dr. Green said, before the men can get their money.

It will be recalled that both the members of the sanitary detachment, which was organized here by Dr. Green, and of old Company B, had to pay for their equipment, and there was no prospect of their money being refunded until local men started some agitation in this direction and the last legislature passed a law appropriating money to repay the men who had to buy their own uniforms when they enlisted. The men who enlisted in Company B can not expect a refund until Captain John H. Kiplinger returns from France because he organized the outfit and has the list of names of those who paid for their equipment.

JONAS FELTS, COUNTY PIONEER, DIES TODAY

Expires This Morning at Home of
His Son, William Felts, at Age of
81 Years

FUNERAL SUNDAY AT 4 P. M.

Jonas Felts, age eighty-one years, died this morning at 6.30 o'clock at the home of his son, William Felts, 314 East Tenth street, following a prolonged illness. He was confined to his bed for five months previous to his death.

Mr. Felts was born November 18, 1837 and came here with his parents from North Carolina when only a small child a few years old. His parents settled in the Concord neighborhood northwest of Rushville and he spent the remainder of his life in this county. He was a member of the Main Street Christian church, and in addition to the one son, is survived by one daughter, Mrs. Will Manning of this city.

The funeral services will be held at the home of his son Sunday afternoon at four o'clock, conducted by the Rev. L. E. Brown of the Main Street Christian church, and burial will take place in East Hill cemetery.

COUNTING NOSES ON PACT STANDING

Leaders of Various Factions in Senate
Figuring on What Test Vote
Will Show.

20 DEMOCRATS FOR CHANGES

Senators Johnson, Borah and McCormick to Answer President—
Johnson to Make a Tour.

(By United Press.)

Washington, Sept. 6.—With senatorial opponents of the treaty and league of nations planning a tour over the ground now being covered by the president, leaders of the various senate factions today were counting noses in an effort to determine their voting strength.

A leading democratic senator today declared that twenty democrats will vote for reservations to the treaty while 27 will vote for unqualified ratification.

This prediction it was said plain is based on the assumption that there will be no more changes of position. Meanwhile the "wild reservationists" and the "Lodge group" were trying to compromise their differences over the wording of the reservation on article 10 of the league covenant which is now the real issue among those favoring reservations.

Senator Lodge's proposal, adopted by the foreign relations committee, is for a reservation which assumes that the United States will stay out of foreign wars over territorial invasion and the like, except upon the most extreme provocation.

Senator McCumber's plan of preserving the "wild reservationists" assumes that the United States will be willing to get into such wars if a plain case of unlawful aggression can be made out.

Both proposals leave the United States to decide though congress when it will go into war and to what extent.

On the other reservation, withdrawal, domestic questions and the Monroe doctrine—there was no essential difference between the Lodge and the mild group. Senators McNary, McCumber and others said these three were acceptable in the main.

The "battalions of death" are the treaty opponents who are known to plan to use the time while the president is away in following him.

Several times such a tour has been tentatively decided upon only to be abandoned. Now it is definitely announced that Senators Borah, Johnson and McCormick will launch it next Wednesday at Chicago, continuing through the middle west and west.

Johnson is to be the headliner, with the others making short individual trips in reach of Washington.

Following the Chicago meeting, at which Johnson, Borah and McCormick will speak, the three will separate.

Johnson's engagements decided upon include Indianapolis September 11.

Johnson, who in addition to being one of the bitterest league foes, is looked upon as one of possibilities for the republican presidential nomination.

After the Kansas City speech, Johnson probably will proceed westward, but no other definite dates are announced.

RECEIVES DISCHARGE.

Lieut. Posey Denning, who has been here on leave from Camp Funston, Kansas, has received his discharge and is now out of the service. Lieut. Denning was here on leave after his arrival overseas several weeks ago, but had to return to Camp Funston and then was permitted to come home.

SAYS NEGATION IS BOLSHEVISM

President Gives His Opinion of Opponents of Treaty Who Offer
Nothing Constructive.

SPEAKS AT KANSAS CITY

Asserts Cause he is Fighting For is
Greater Than the Senate or
the Government.

(By United Press.)

Convention Hall, Kansas City, Sept. 6.—Treaty opponents who view the document with "jaundiced eyes," who are against it because they have some "private political purpose" will be gibbeted and they will regret that the gibbet is so high," President Wilson told a big crowd here today.

He reiterated that it was a case of "put up or shut up," that the opposition would have to produce something better than the league of nations or step aside.

More negation without offering anything constructive to replace the treaty is Bolshevism, he asserted.

He said he respected the man who honestly although ignorantly opposed the treaty, but denounced those who are against it for political purposes.

The Philippine Islands would get their independence under the league, Wilson said.

There was great applause when the president proclaimed that through the treaty the American spirit has made conquests of the world.

"The war was won by the American spirit," he cried. There was a wild shout from the crowd.

If the treaty is beaten those responsible will have a life-long reckoning with the fighting forces of the United States, the president asserted.

The cause he is fighting for is greater than the senate or the government and he intends in office and out, to fight for it as long as he lives, Pres. Wilson declared.

The president's special left on the stroke of twelve for Des Moines where he speaks tonight.

In Sen. Reed's Home Town

Aboard the president's train approaching Kansas City, Sept. 6.—Constituents of Senator Reed, one of the principle opponents of the league of nations, today were to hear President Wilson's arguments for ratification. Kansas City is Reed's home town.

Wilson apparently is making an effort to humanize the treaty and to convince the people that the nation is facing one of the most momentous alternatives of its history: that if the verdict is against the treaty as it stands, the effect will be felt in the homes and pocket-books of American citizens.

Rejection, he says, will make America a militaristic power facing disappointed, unfriendly nations in an armed world and with consequent higher living cost and eventual war. This was emphasized in his St. Louis speeches.

The president says he wants to make acquaintances with the people to get the nation's viewpoint and he seems to seek opportunity to get close to folks.

Two Stops on Schedule.

Kansas City, Sept. 6.—A whirlwind visit to Kansas City and a night address at Des Moines were on President Wilson's schedule today in his cross-country speaking trip in behalf of the peace treaty. Arriving here in the morning from St. Louis, where he made two addresses yesterday, the president spoke at a mass meeting, after which it was arranged for him to leave immediately for Des Moines, where he will spend Sunday.

ANOTHER ISSUE APPROVED

State Board Allows Bonds For the
Luther Hungerford Road.

The state board of tax commissioners has approved the petition for permission to issue bonds in the sum of \$10,640 to build the Luther Hungerford road on the Rushville-Walker township line, according to word received here. This was one of four bond issues which have been pending before the state board, two others having been acted upon. The county infirmary bond issue was denied and the issue for the Moore road in Richland township was sanctioned. The board has never acted on the petition for the issue to build the John H. Power cement road, north of Rushville.

SHOW MACHINES MADE BY RUSHVILLE PLANT

Article in Popular Mechanics Deals
With Glue Spreader and Veneer
Press Manufactured Here.

WERE USED IN AIRPLANE WORK

The September number of Popular Mechanics contains pictures of two machines made by the Charles E. Francis company of this city which were used during the war in making airplanes. The article accompanying the picture deals with the experiments conducted by government experts in this line and tells of what was accomplished with the machines. The magazine shows a veneer press and a glue spreader which were made at the local factory. There are two views of "the glue spreader, one a front view and the other an end view. This machine is standard and is made all the time by the Rushville concern for veneering and built-up woodwork. It is used in manufacturing furniture and pianos.

The veneer press displayed with the article is of special design made for airplane work. Veneer presses are made regularly by the Francis company, however. The article deals with the government experiments with waterproof glue, which is not used in piano and furniture work.

RETAIL STORES WILL OPEN SOON

War Department Will Conduct a
Sale of Surplus Household and
Personal Necessities.

OPEN ABOUT SEPT. 25TH

Sale Will Not Include Food and Catalogues Will be Issued to Conduct a Mail Order Department

Toward the last of this month the government war department will open retail stores all over the United States, for the purpose of selling surplus articles, at cost, to the public. These stores are in no way to conflict with the postal department and the food sale being conducted by it now, and at present the retail stores will not include food, but other necessities. The method of sale has not been thoroughly worked out, but it is almost certain that catalogues will be issued, and a mail order business conducted. The nearest supply office from Rushville, is Jeffersonville, and the location of these retail stores, has not been decided upon.

The primary object of these stores is to place before the public, at the least rate possible, the surplus supplies of the Army. In order to reach the greatest number of people, the United States has been divided into several districts, according to the population. For sake of convenience these districts will be termed Retail Districts. At least one store will be established in each Retail District, under the immediate supervision of the Zone Surplus Property Officer, in whose military zone the store is located.

These stores will be prepared to conduct a retail, cash, counter business, and organize a mail order department, operated as part of and by the store and not by the Postal Department. The Postal Department will be requested to establish in each store a branch Parcel Post Office, for convenience in making shipments.

An initial allotment of stock will be made to each store from Washington. This allotment is made for the benefit of the entire Retail District, and not solely for the individual city in which the store is located.

In many instances the initial stock will include the entire available quantity of the surplus of certain articles, which when exhausted will be no longer available. Under no circumstances will orders be received for quantities in excess of allotment, or actual stock on hand, with the prospect of future replenishment. Orders received by mail for supplies not on hand, or for which stock is exhausted, will be immediately returned to the sender, with the advice that same is exhausted.

As the idea and object of this sale is to reach the individual, no orders for large quantities of any article will be received, except for Boy Scouts and in special cases, municipal activities. No sales will be made to hotels, and similar institutions. At present no groceries will be included in these articles.

The exact location of the various stores that will be established in this district, and detail plans as to the method and manner of distribution, have not been worked out, nor has a list of the articles to be sold, been received. These facts will be published in all papers as soon as determined upon. These stores will not be open before September 25th.

The the information of the public, the sales now being conducted by the municipalities and Postal Departments are in no way connected with these stores to be opened in the very near future.

The public is invited to watch the

Seeks The Nomination For Governor Again

WARREN T. MCCRAY
Kentland, Ind.

Indianapolis, Ind., Sept. 6.—Aspirants were in the race today for Republican nomination for governorship and still others were in prospect.

Warren T. McCray, livestock breeder, of Kentland and opponent of governor Goodrich in the last election, came out late yesterday with the promise of "a good clean business administration."

Mr. McCray's announcement is as follows:

"I have decided again to seek the Republican nomination for the office of Governor of the state of Indiana. I am seeking the nomination on my own initiative, and if nominated and elected, will give the people of Indiana a good clean business administration. To this end I ask, and earnestly desire, your support in the coming primary election."

Mr. McCray is one of the best known and successful farmers of Indiana, and his stock sales at his Orchard Lake farm usually are regarded by stockmen as a state-wide event. He also is successful in other lines of business, and generally is regarded as one of the substantial men of the state. As a man interested in public welfare, he has taken a great interest in the betterment of the agricultural condition of the state.

It had been almost a foregone conclusion for some time that Mr. McCray would be a candidate. After Will H. Hays, Republican national chairman, announced several weeks ago that he would not be a candidate for the nomination for governor, Mr. McCray's friends were the first to get busy in the interest of his candidacy, and they have been interestingly active since that time.

It is understood that Mr. McCray will largely manage his own campaign, and that he will not start an organized campaign until later in the year. Lawrence Lyons, of Brook, is one of Mr. McCray's closest friends and probably will assist him in an active way.

Up to date, Edgar D. Bush, Lieutenant Governor, is the only other candidate for the governorship who has made an official announcement. Friends of Ed Jackson, of Lafayette, made an announcement in his behalf, but Mr. Jackson has not confirmed nor denied their announcement in an official way. Edward C. Toner, of Anderson has long been considered an aspirant for the nomination, and has been working lately for the purpose of building up an organization, but as yet has made no statement to the public.

Among new men who have been talked of for the place during the last few days is Arthur R. Robinson, of Indianapolis. Mr. Robinson has just returned from France where lately for the purpose of building up in the American army, and he is known as a good campaigner. There has been some talk about the probable candidacy of Otto Klaus, state auditor.

The settlement was, in fact, made directly by William Sanford and his son with William Dagler, they being the parties who in reality received all the benefit in the trade in question, and the only parties thereto.

The only local attorneys interested in this case were John A. Tittsworth, who represented Dagler, and Donald L. Smith, who was attorney for Eikenberry.

This ends what would have been a long and bitterly fought law suit.

night from St. Louis Mr. Wilson arranged to sleep late on his special train, leaving it only a short time before the hour for his address. Although he is said by his physician, Dr. Cary T. Grayson, to be standing the trip well, he is conserving his strength as much as possible for the three weeks of the tour remaining before him.

The special train arrived here from St. Louis at 9:05 o'clock this morning. It was held in the outskirts for an hour before coming in to the union station.

Long before the president and his party were met by the reception committee, a large crowd was gathering on the union station plaza, whence the parade through downtown streets started.

Simplicity was the keynote of plans for the president's reception here. Automobiles were provided to take the party by a short route through the business district of the city to Convention hall, the speaking place. Brief introductions were arranged.

American flags in great numbers were used to decorate the interior of Convention hall, and the section reserved for Mrs. Wilson and her party was designated by a profusion of flowers.

MINOR EPIDEMIC PRACTICALLY SURE

Influenza Has Always Swept Coun- tries 2 Years Successively, Ac- cording to Dr. Copeland.

GIVES AS EXAMPLE YEAR 1891

Advises Everyone to do His Utmost to Keep His Equanimity, Piety and Occupation.

New York, Sept. 6.—A minor epi- demic of influenza is practically in- evitable throughout America this fall, according to Dr. Royal S. Copeland, Commissioner of Health for New York City.

Influenza epidemics have always swept countries in pairs, according to Commissioner Copeland. The last one in America prior to last winter was in 1891, which was the minor appendage to the major epidemic of 1890.

Dr. Copeland looks for the epi- demic this year to be much lighter than that of 1918, though minor epi- demies are often as bad as the ma- jor phase. This was true of 1891, he says. But the fact that so many people were affected last year gives added immunity this year.

Speaking to the United Press, Dr. Copeland said: "I have no doubt but that we will have another epidemic this year though infinitely less violent than last year's when practi- cally every person was affected.

"Seventy percent of last year's victims were between the ages of fifteen and forty-five, probably due to the fact that so many men were in training camps.

"My only fear is that it will at- tack another age group this year. Apparently the germs develop an appetite for a certain kind of food and choose people of a certain age, though there is no known explana- tion for the attraction to certain ages".

Asked what could be done to pre- pare, Dr. Copeland prescribed "soap and water and fresh air".

"Influenza is essentially a house disease", he said. "Apparently it needs long continual contact to be- come infected. It is not like small- pox, which you could get in a min- ute. You have to live with influenza to get it.

"It naturally follows that out-of- door life, sleeping with windows open regardless of the weather, taking ing exercise, and using common sense with regard to food, are the best preventatives.

"Above all, avoid those who have influenza. In families patients who have influenza or colds ought to be kept by themselves. They should not associate with others.

"Apparently the germs of influ- enza are conveyed by the hands more easily than other ways. Every- one should have clean hands. Peo- ple should make a rule to wash the hands and face several times a day with soap and water".

Commissioner Copeland says there is no cause for excitement since the Board of Health is watch- ing symptoms of influenza the world over and is co-operating with other boards of health throughout Ameri- ca. It is also working on vaccines.

"Masks are no good, it has been demonstrated to the satisfaction of scientists", says Dr. Copeland. "We are old fashioned here. We do not believe in closing schools or church- es. We did everything unconventional here in 1918 and had the lowest death rate of all".

To prove that masks are danger- ous instead of healthful, Commis- sioner Copeland cites the case of San Francisco, which had a high death rate, he thinks because "the masks are filthy, prevent the pa- tient from getting good air, and cause him to re-breathe bad breath."

"Above all, let's not get excited," says Commissioner Copeland, who advises everyone to do his utmost to "keep his equanimity, piety, and oc- cupation".

FINANCIERS LOOK WILL TAKE POLITICAL TURN

Leading Bankers Declare a Serious Financial Crisis is Ahead of The Country

It will be Good Tonic for Country in That it Will be a Show Down And Will End Agitation

(By United Press.)

New York, Sept. 6.—A financial crisis is ahead of the country, ac- cording to leading bankers of New York, which may be one of the most serious situations the country has ever faced.

There seems to be little doubt in the minds of Wall street leaders, judging from the views expressed to a United Press reporter, but that the crisis will take a decidedly po- litical turn. Financiers expect the radical elements among labor lead- ers to make a stand for commun- ism.

While Wall street admits that there has been a perceptible slow- ing down on the part of moneyed interests, bankers say they are confident of the outcome of the is- sue between labor and capital.

"Capital is doing some watchful waiting," explained one vice-presi- dent, connected with one of the largest institutions of the country. "Many of our clients are apprehen- sive. Some are scared.

"Many wealthy interests no long- er care about making money. For example, this morning a client was in here, a man who keeps a million dollar account with us. He had drawn no interest, and I asked him to wait a few minutes so that we pay him what was due.

"He didn't want it. 'What is the use,' he replied, 'More money is simply more taxes and more trouble. Never mind the interest.' Similar lack of interest in pushing develop- ments is noticeable among most of the big interests."

The crisis will be a good tonic for the country in that it will be a show-down and will end agitation, say the bankers, who feel that the decision and free-lon for which our forefathers fought," as one man put it.

Wall street is prepared for the crisis when it comes, and will be "nimble" to use the terms of fin- ance. The bankers say the people of the country will be hardest hit, especially investors, if a drop in stocks comes. Wall street will not be especially hard hit, according to predictions, since it does not hold the majority of the securities, con- trary to the popular idea.

The bankers point out that the public's idea of Wall street is a small group of banks which own practically all of the securities in the country. According to finan- ciers, Wall street owns very few securities, and is merely an ex- change for the savings banks of the country. Either the savings banks or small private investors own by far the larger part of the American securities. The Pennsyl- vania railroad, with its one hundred thousand stockholders and the San- ta Fe with its forty thousand own- ers, as well as many other large corporations, are cited as examples.

Joe Woods is ill at his home in North Harrison street.

For Men Who Work Hard

Factory workers, railroad men, farmers, miners mill employees and all men who work at hard, straining physical labor are more or less sub- ject to kidney trouble. Nature gives warning signals by frequent lame- ness, stiff joints, sore muscles, back- ache and rheumatic pains. J. G. Wolf Green Bay, Wis., writes: "Fo- ley Kidney Pills relieved me of a severe backache, that bothered me for several months. A few bottles fixed me up in good shape".

Sincerity in Civil Life.

A recent discharged soldier went into civilian life—and then decided to return to the army. His reason was that he found it easier to talk the language.

He didn't say what language, but after a few questions his position became plain. In the army they are less polite than they are in civil life but they know each other better. In civil life we are civil. We rarely say what we really mean. If we are invited anywhere, and we don't want to go, we don't say so; we merely have a previous engagement. If we are asked whether we like something that the other fellow likes, we say "yes", even though it gives us a pain in the rhomboidal gland.

We profess personal liking—even enthusiast affection—for people to whom we want to sell something. If we are made the recipients of honey-flavored overtures, we feel a sinister suspicion that we have been picked as prospects.

It seems unfortunate that any one should have to go into the army to escape from this kind of thing. For many people it is an excellent thing to be in the army, but it is sad that there should be no other environment—except, perhaps, the navy—where things are called by their real names. Sincerity in these two branches of public service is natural; the members don't have to sell anything to make a living. But a fairly good alternative would be found in the development of a corresponding sincerity in civil life.

The Railroad Pass Evil

According to the New York Herald, William G. McAdoo, former Director General of Railroads, and also former Secretary of the Treasury, together with members of his family, still enjoys the privilege of annual Pullman passes, good on all railroads in the country. Congress was informed today in a report from director General Hines to the Senate on the number of railroad and Pullman passes issued to officials of the railroads and their families and outstanding as of July 1, 1919.

In addition to Mr. McAdoo, his wife, who is a daughter of President Wilson; his son, Robert H. McAdoo, and a daughter, Miss S. McAdoo are listed in the report as Pullman pass holders. Mr. McAdoo is described in the listing as "special counsel for the State of New York". Neither he nor the members of the family are put down as having railroad passes.

The report shows that on July 1, there were 1,599 wives, daughters, sons, relatives and near relatives of railroad officials holding annual all-line railroad passes and 1,096 of them holding annual all-line Pullman

Comedy and Drama at Mystic

Comedy and drama divide honors on the Mystic program today. Fannie Ward, the famous actress, appears to advantage in "The Yellow Ticket" and James Aubrey is seen in a Barly Q comedy, "Chasing Rainbows." The next episode in the sensational serial, "The Red Glove" will be the offering for Monday.

A Southern Setting at Princess.

Another story by Frances Hodgson Burnett, the famous author whose greatest achievements are novels written around juvenile characters, has been adapted and produced by Paramount with Vivian Martin as the star. It is "Louisiana". And in the picture which will be shown at the Princess theatre tonight, Miss Martin is presented in an ideal characterization, that of a sweet girl who had spent her childhood days high up in the mountains of South Carolina and whose father, desiring that she should see something of the world sends her to a southern resort.

There she meets Laurence Ferol and the romance begins. The heavy role is played by a young lover who has known the little girl from childhood and who is insanely jealous of her. He follows her to the city and seeing her in the company of Ferol, shoots to kill. The man, however, recovers, under the girls' tender care.

One day out riding, their automobile breaks down and he and his sister seek shelter in the home of the girl. The lover innocently criticizes the crude home, which criticizes the girl resents. This results in their separation. After many vicissitudes, one of which is another attempt on the part of the young mountaineer to murder his rival, the lovers are reunited.

The makers of Foleys Honey and Tar Compound do not claim that it will cure every case of hay-fever and asthma, but they have received many letters from men and women who have been relieved by it from these torturing afflictions. J. M. Woodworth, Ore Hill, Conn., writes: "I have used Foley's Honey and Tar and it is the only medicine I ever used that relieved me of asthma, I would not be without it". Good for any cold, hoarseness, tickling throat, bronchial cough, whooping cough, or croup. Children like it.

31 YEARS MARKS
A NOTED CHANGE

Columbus, Ohio, Prepares to Entertain Civil War Veterans in Annual Encampment.

THEY WERE THERE IN 1888

Over 100,000 Fighters Were in Line Then But Father Time Has Reduced Their Number.

Columbus, Ohio., Sept. 6.—Just thirty-one years ago today all Columbus was keyed up to the highest pitch of expectancy and preparation. Decorators were swathing the city with flags and bunting. Gas-lighted arches were being erected in the downtown sections. Mammoth cities of tents were springing up and band stands and reviewing stands were being built along High street.

Columbus was preparing to welcome 100,000 veterans of the civil war to the twenty-second national encampment of the Grand Army of the Republic. Then the blue-coated hordes swept into Columbus from every section of the country.

On Tuesday, September 11, 1888, was held the greatest parade in the history of the city. Leading the columns of sturdy civil warriors were General William Tecumseh Sherman and ex-President Rutherford B. Hayes.

The soldiers marched with firm step and clear eye. The day was theirs. A half hundred bands and drum corps resounded martial music while the tread of thousands of feet beat in cadence on the cobblestones of High street. The procession was miles in length and took hours and hours to pass the reviewing stand in East Broad street.

Commander-in-Chief Rea, General Sherman and ex-President Hayes and official staff left the column at the reviewing stand while the long, steadily marching columns continued on.

The fifty-third national G. A. R. encampment next week will probably be the last ever held by the veterans of years gone by.

Instead of mammoth camps, necessary years ago to accommodate the thousands of soldiers, Columbus today was throwing open its homes to the civil war veterans who began pouring into the city on every train.

The camps are not needed. There were 100,000 veterans in the city then. Now there will not be more than a tenth of that number. Instead of the numerous band stands along High street, first aid stations have been erected to care for the aged veterans who may succumb to the strenuous activities of the parade to be held next Wednesday.

In 1888, the march was nearly three miles in length. Next week's line of march will cover only a very short distance, probably less than a mile. There will be thousands who will not march with their comrades. Special reviewing stands have been erected for them.

Time has marched on in thirty-one years, and many thousands of soldiers have dropped from the ranks.

For the first time in the history of G. A. R. encampments, other military organizations will take part. Thousands of Spanish War and World War veterans will march with the civil war heroes. The younger blood of America will take over the more strenuous duties of the civil warriors with a zeal born of victory.

Former Governor James A. Campbell, director general of the encampment, has been assured that nearly every post of the American Legion in Ohio will take part in the parade.

CLARK'S PURITY FLOUR

One barrel of 196 pounds will make 283 loaves of bread, which at 10c each would amount to \$28.30. CLARK'S PURITY FLOUR retails at \$13.60 per barrel, then the housewife who bakes her bread will save \$14.70 per barrel, less the seasoning and fuel for baking; hence a long step in the direction of reducing the high cost of living would be accomplished.

CORNERSTONE LAID FOR LAFAYETTE MONUMENT

President Poincare Lays First Stone For Shaft Dedicated to Honored Frenchman.

WILSON SENDS A MESSAGE

(By United Press.)
Pointe De Grave, France, Sept. 6. France today honored La Fayette's birthday by laying a cornerstone here on the site from which he sailed for America of the monument which is to be erected in commemoration of American aid and intervention.
President Poincare laid the first stone of the monument. Premier Clemenceau, Marshal Foch, Ambassador L. Wallace, and Secretary Frank F. assisted at the ceremony.

coast in the estuary of the Gironde river American and French battle-ships cruised by the historic point. Point de Grave is located on the south shore of the Gironde just at its mouth. It was on March 24, 1777, that La Fayette, with his small force, sailed for America. All American troops which landed at Bordeaux during the past two years passed close by this spot which until to-day was unmarked.
Bartholome, famous French sculptor, has been commissioned to erect the monument. It will symbolize the homage of France for the great aid brought in the hour of need by the United States.
A message from President Wilson expressing his profound interest and appreciation in the name of the entire American people and his personal regrets at not being able to be present, was read.
Mrs. Manly Pearce, who was reported to be seriously ill last night from the effects of an operation for appendicitis a few days ago, was said to be improved today.

Catarrh Specialist Coming to Rushville

WILL GIVE FREE EXAMINATION AND ADVICE

Medical Director of Indiana Catarrh Institute to Give Talk on Catarrh and Tuberculosis.

Chronic catarrh of the nose, throat and lungs is so prevalent and is so often the forerunner of fatal diseases like tuberculosis, influenza, asthma, hay fever and others that the Indiana Catarrh Institute, permanently located at 1436 North Illinois street, Indianapolis, Ind., is sending their medical director to a few points in Indiana to examine and advise sufferers from this disease on how to prevent or cure it.
Catarrh, besides being extremely disagreeable and annoying, with its continual coughing, hawking and spitting, is positively dangerous, as it leads to many fatal diseases and undermines the strength and health of the whole system. It is a stubborn disease to cure, requiring the skill of an expert and experienced specialist to properly rid the system of it in a short time. It is very seldom, if ever, cured by patent medicines, mail order treatment, home remedies, and the like.

The Indiana Catarrh Institute is a large institute, devoted entirely and exclusively to the treatment of catarrh. It has a staff of specialists who have devoted more than sixteen years to the study of this one disease.

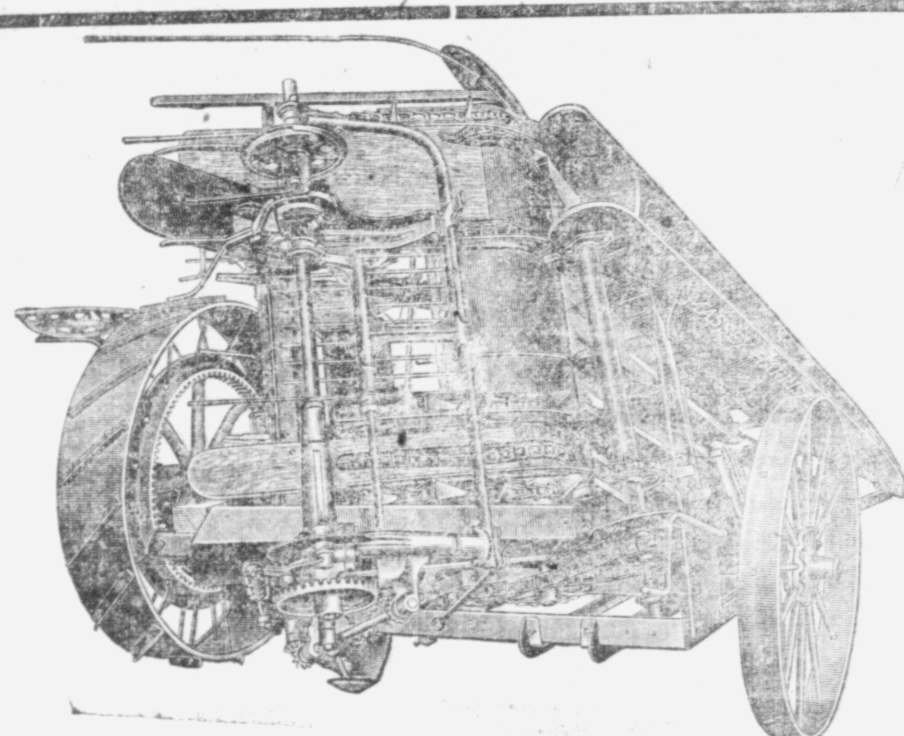

There is no other institution like it in this country and their methods used in curing catarrh are different from any other in this country. Their methods can be used either in the institute or in the home, according to patient's convenience. Anyone visiting Indianapolis is invited to call at the Institute and investigate their methods and results. But for convenience, it is well to see the Medical director, an expert specialist, when he is in this city.

His examination, consultation and advice is free. He invites everyone who is afflicted with chronic catarrh of the nose, throat or lungs, chronic cough and bronchitis, dropping mucus in the throat, pains in the chest, shortness of breath, clogged up head and nostrils, head noise, catarrhal deafness, hawking and spitting, or any chronic catarrhal conditions, to be examined and get his advice without charge or obligation. He will be glad to talk with you, giving you the benefit of his skill and experience freely.

Beware of tuberculosis and other fatal conditions by taking treatment in time.

The specialist will be at the Hotel Seaman, Wednesday, Sept. 10th, from 9 a. m. to 8 p. m., one day only, and will examine all who call to see him.

For further information either call in person or write The Indiana Catarrh Institute, 1436 N. Illinois St., Indianapolis, Ind. — Adv.

The Massey-Harris Stands That Test as No Other Corn Binder Can

And the reason that it does is very clear. It has all of the desirable features found in the usual Corn Binder construction and in addition, has several exclusive ones that contribute much to its efficiency, outstanding among which is a wider range of adjustment for accommodating all heights and kinds of corn—an adjustment which can be operated with speed and accuracy. Whether the crop be the supple kaffir corn of the Southwest, the large, firm varieties of the Corn Belt, or the short growths mixed with grassy bottoms, this machine will harvest it in a way that will always please. Just keep that fact in mind and in connection with it consider the following which will show you conclusively why the Massey-Harris Corn Binder is the machine best suited to supply your needs.

IT IS BACKED BY NEARLY 70 YEARS EXPERIENCE IN IMPLEMENT BUILDING AND IS THE CULMINATION OF 16 YEARS OF STUDY AND DEVELOPMENT.

Asserts New Discovery Brings Blessed Relief To Rose and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease. And best of all this remedy costs almost nothing. Get a one ounce bottle of Mentholized Arcline at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled. Then gargle as directed and twice daily sniff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work; but oftentimes simple natural remedies are the best as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

162D ANNIVERSARY OF LAFAYETTE OBSERVED

Among Cities Where Elaborate Plans Were Made Were New York and San Francisco

MAJOR HALL SPEAKS IN N. Y.

New York, Sept. 6.—Major General Leonard Wood was scheduled to be the principal speaker at the formal ceremony in commemoration of La Fayette's 162d anniversary, held at City Hall here today.

The celebration, according to the La Fayette Day National committee, was being widely observed throughout the country, the mayor of many cities having promised to cooperate in making the commemoration exercises great successes.

Among the cities where elaborate plans for the day had been made were San Francisco, Lynn, Mass.; Newark, N. J.; Syracuse, N. Y.; Louisville, Ky.; Pueblo, Colo.; Yonkers, N. Y.; and Passaic, N. J.

Major Ralph of San Francisco heads the committee in that city and recently was decorated by the French government with the Legion of Honor in recognition of the fine record made by San Francisco during the war.

HELD FOR STEALING DRESS

Earl Robertson, Local Decorator, Arrested Today and Gives Bond

Earl Robertson, local painter and paper hanger, was arrested today on a charge of larceny, being accused of stealing a ready-to-wear woman's dress from a local dry goods store where he was doing some interior decorating. Robertson gave bond for \$1,000 in circuit court, but entered no plea. He contended that it was a misunderstanding and that the matter would be settled. Robertson said that he had taken the dress out on approval.

California Best Since U. S. is Dry

By MARGARET ROHE
(Written for United Press.)

No wonder California fruit Holds highest ranks without dispute

You find such lovely looking peaches At all the California beaches And speaking quite Pacifically

It seems there's so much more to sea.

Coronado, Calif., Sept. 6.—Since prohibition has put the ban on being in an intoxicated state California is certainly the next best state to be in. It's so free and untrammelled and close to nature with its silver sands along the sea and purple hills amid the zone. Take it from one who knows, however, you really get closer to nature along the silver sands and there too Nature is so apt to be a perfect 36.

After a well spent season at the California beaches Annette Kellerman or Mack Sennett's beauties cause us as little thrill as a well turned limb did the historic London bus conductor who pulled that antique wheeze "Legs is no treat to me".

Way back in the effete east where bathing suits are complicated and fussy affairs of gingham trimmed taffeta or yarn embroidered satin this season Dame Fashion fairly revels in a perfect orgy of bathing suit designs.

Out here among the wild waves and the wild women of the wild west Dame Nature takes full responsibility for the omnipresent one piece, all wool jersey bathing suit of one design but oh! what a designing one. You just slip in or at least you slip as much of you as you can into the snug little close fit knit garment and let nature take its course. Sometimes it's a bit too coarse but not often.

To be brief and verily brevity is the sole of it, the California bathing suit is a snappy little affair that snaps on one shoulder thereby doing away with the necessity of getting in or out of it with a shoe horn. Even as it is universally one piece so is it one design and the only changes to stamp one suit a little more daintily or more originally than another is the stripe of color that bands it round the quick finish, the middle and the shoulder straps. Sometimes this stripe is of a solid contrasting color sometimes Roman stripes of divers hectic tones go roamin round it. Yet others stick to one plain all round color without a bit of relieving trimming and these rely for their bit of dash on a chic headdress of some sort. For the bathing millinery of these bare limbed bathing nymphs is as intricate and varied as their bathing suits are simple and frank. Jockey caps for riding the waves, oriental turbans like a Persian bey for still water bathing in the bay and Russian serf headdresses for surf bathing, don't you know.

To vision these fascinating bathing costumes in their native clime were well worth a trip across the continent. They are indigenous to the Pacific slope and transplanted to the Atlantic would be subject to a sudden seizure and soon succumb to the rigors of Puritanic hypocrisies blight. The one piece bathing suit is as characteristic a part of California as her golden poppy and her native sun.

Speaking of the latter I never fully appreciated the true value of a California native sun till I sat in my California bathing suit on the sands last Sunday sans an umbrella.

Since then even my girlish laughter is pealing.

ACTORS' STRIKE IS COMPROMISED TODAY

Chairman of Mediation Committee Says That an Open Shop Was Agreed on by Factions.

THEATERS TO BE RE-OPENED

New York, Sep. 6.—The actor's strike, which began about a month ago, and which after closing the majority of legitimate theaters in New York spread to other cities, was settled early today. All theatres affected will be re-opened at once.

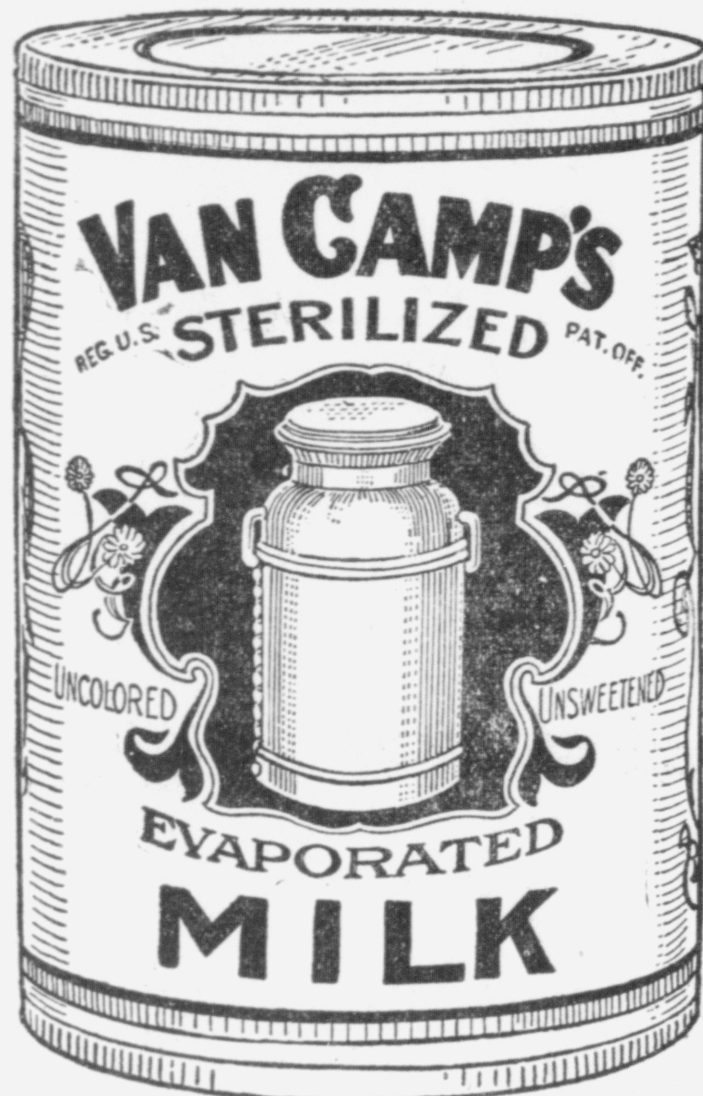

The settlement followed a four-hour conference between producing managers and representatives of the Actors Equity Association and other labor organizations of theater workers' unions.

August Thomas, playwright, chairman of the mediation committee of the Authors' League of America, said that an open shop had been agreed on.

Francis Wilson, president of the Actors' Equity Association, said that all differences had been settled to the satisfaction of both sides.

Settlement of the strike came directly after officials of an alliance of stage employees and motion picture operators had ordered members employed in 169 theatres throughout the country where Shubert productions are being played to strike immediately. Both the stage hands' organization and the actors' association are affiliated with the American Federation of Labor.

A Creamy Milk Of Double Richness—Ever at Your Call

"The Cow in the Pantry"

Van Camp's Milk

The Finest Milk Produced In America

A Sterilized Milk From High-Bred Cows From Inspected Cows From Sanitary Dairies

The Result of 20 Years of Expert Effort to Produce a Super-Grade

Van Camp Products Co. Indianapolis, Ind.

Double Butter Fat

All the Van Camp condenseries are surrounded by sanitary dairies filled with high-bred cows.

The fresh milk is brought in and placed in a vacuum. There, by low heat, more than half the water evaporated.

Then we have a milk as thick as thick cream—twice as rich as it came from the cow.

If you want a rich cream for coffee, cereals, or ice cream, you can use Van Camp's as it is. If you want rich milk, dilute it with an equal part of water. For cooking, dilute it further.

Cheaper—Rher—Safe

Van Camp's costs less than bottled milk. It is vastly cheaper, because it saves all waste.

Keep small cans and use cans on the pantry shelf. Open what you wish.

Thus you have milk cream for any purpose. Never a shortage, never a waste.

You have a sterilized milk—the only safe sort for infants or for nursing.

You have for your cooking a full-cream milk, instead of the usual skimmed milk.

An Extraordinary Milk

We have worked 20 years to attain for you the utmost in a milk. It comes from healthy, high-bred cows. It is protected in all scientific ways.

Compare with other milk, bottled or in cans. You will find Van Camp's the milk you want.

Order in your grocer, and today.

LANSING AGAINST INTERNATIONALISM

Secretary of State Says, However, Peace Basis Will Survive, in Bar Association Speech

FAVORS A WORLD TRIBUNAL

Boston, Sept. 6.—Secretary Lansing, before the American Bar Association here, in his first public speech since returning from the peace conference, gave warning that the theory of internationalism, of "Mundalism", which received great impetus during the war, constituted a grave danger to world order, but expressed his conviction that democratic nationalism as sanctioned by the peace conference would survive as the basis of society.

Secretary Lansing urged strongly the establishment of an international court as modeled by The Hague convention and founded in the principle of strict legal justice, for the settlement of disputes between states and the codification of international law into an exact system.

He paid tribute to The Hague convention of 1907, whose work, though imperfect and hampered by "the evil purposes which the powers of central Europe had so secretly cherished," he said, still stands as an instrument for the maintenance of the law of nations.

Without an international court and codified laws, Secretary Lansing predicted a return to diplomatic anarchy, since "nations today are influenced more by selfishness than

40 POTATOES ON ONE VINE

Record Production Obtained at Purdue's Department.

Lafayette, Ind., Sept. 6.—Forty potatoes on a vine over four feet tall is the record production obtained by the horticultural division of the department of Agricultural Extension on one of the plants grown on the plot of the division. When the vine was removed from the soil, it was green and growing and in all probability would have made a more surprising record had it been allowed to complete its growth.

The seed was obtained from the United States Department of Agriculture from plants grown in Maine last year and was planted in black loam on the university plots on April 15. It is the intention of the Purdue department to continue the selection work and see if the variety will uphold the record established.

Big Lot of Hay Fever Jokes

But Kentucky Man Says—"People Who Belong to Hay Fever Colony are Kidding Themselves."

Wouldn't Be Any Rose or Hay Fever if Simple Home Remedy Was Given a Chance.

"Yes, there's a real NINETY-NINE per cent effective remedy for hay or rose fever," frankly states a druggist in a prosperous Kentucky city. "But I don't expect anyone to believe me, because the treatment is so easy and the cost not worth mentioning."

"The annual crop of hay-fever jokes would be mighty scarce if people would get an ounce of Mentholized Arcline and by just adding water that has been boiled make a pint of liquid that will prove a real help to all who suffer."

"Many of my hay-fever friends tell me that by starting to gargle and sniff or spray the nostrils a few times a day the expected severe attack often fails to appear and in cases where it does show up is very mild and does not annoy."

"The Better Class of Pharmacists" who dispense Mentholized Arcline say it will greatly modify any attack even when taken three or four days after hostilities begin.

Go to a real live druggist when you get ready to make a pint.

7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Feren is What You Need Right Away.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence.

You can have nerves of steel, firm step, new courage and keep mind by putting your blood and nerves in first-class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient.

Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition.

All you have to do is to take two Bio-Feren tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely.

Bio-Feren is without doubt the grandest remedy for nervous, run-down, weak, anaemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

K. OF C. OLYMPIC MEET HELD AT CAMP DIX, N. J.

Military Carnival Open Only to Former Service Men as Was Gathering at Stockholm.

HABBOCK STAR CONTENDER.

New York, Sept. 6.—Marshall Habbock, who won the 220-yard dash at the Inter-Allied games of the A. E. F. in Pershing Stadium, France, was to be one of the star contenders in the events to-day at the Olympic Meet of the Knights of Columbus, at Camp Dix, N. J. The military carnival was open only to former service men as was the famous international gatherings held at Stockholm, Sweden.

Frank Wandle, the Knights of Columbus secretary, is in charge of the Olympic. The chief air event scheduled was a flight by Lieuts. Donaldson and Stewart from the grounds to Philadelphia and return for an air record.

Other important entries were those of George Hooley, Irvington, N. J., champion amateur runner, who was signed up for the marathon, from the Camp to the State house at Trenton, and Lieut. Russell H. Anderson, who was listed for ten events.

CHANGE AT W. U. OFFICE.

Miss Eva Davis, who has been employed at the Western Union Telegraph office at Union City, will come to this city and be manager of the Western Union office here. Miss Katherine Taney, who has been working here, will go to Greensburg.

DR. OSBORN'S IMPROVED METHODS ARE EXCLUSIVELY HIS OWN, AND THERE IS NO GUESSWORK ABOUT IT. THEY HAVE PROVEN SUCCESSFUL.

In the treatment and cure "without the use of the knife" of Piles, Fistula, Fissure, Prostatic Enlargement, Rupture, Chronic Diseases of the Kidneys, Bladder, Obstruction, Rheumatism, Stomach, Bowels and all other curable Chronic Diseases.

No Matter How Obstinate or How Contracted — Cured

When I say I can cure you, you can depend upon it, for I know from the successful results in thousands of similar cases to yours, just what I can accomplish. Grateful patients treated by me are constantly recommending others, and this is why I possess such a large practice.

Men! Women! If you do less than you should, on your farm, at you, desk, or in your shop, you are in some way weak. If you can't accomplish all that you expect or hope for, you are the silent sufferer from some hidden disease that affects one or more of the important nerve centers of the body. These neglected or unknown conditions, are usually diseases of the Pelvic System, which reflexly act upon the organs of Elimination, digestion and the nervous system, which in turn has its influence on the brain. I have made a special study of the Nervous System and have perfected methods that will cure where ordinary methods have failed. I will give you a searching and thorough examination FREE, thus determining the exact location of your trouble.

DEAR IN MIND that I have in Indianapolis one of the most modern and thoroughly equipped offices in the state with a Specialist in charge who is ripe in years of experience, rich and mature in learning in his chosen work. That neither one of us will promise you more than we can give, and should you be unable to see me on date specified above, you can write, or better still, call at my home office, 314 Traction Terminal Building, Indianapolis.

I do not use the knife, neither do I do any cutting.

FOOD INSPECTIONS BRING GOOD RESULTS

358 Grocery Stores in Indiana Inspected During July and Not One Found to be Condemned.

ONE DRUG STORE AS "BAD"

Indianapolis, Ind., Sept. 6.—Sanitary conditions in Indiana's food establishments are being improved, according to a succession of reports of inspectors. Several months ago the trips of inspection over the state revealed numerous unsanitary places and by drastic measures the number was reduced.

Only one drug store was listed as "bad" in July out of 108 inspected. Ten were rated as excellent, seventy-four as good, twenty-one as fair and two poor. In the cases of the last classification, the owners were given a limited period in which to clean up with the alternative of being closed and facing prosecution.

Of 358 groceries inspected there was not a condemnation. Two hundred and fifty of these stores were rated good, ninety-eight fair and eight poor. Two were classified as excellent.

Four ice cream factories were condemned and closed pending alternations and improvements.

SUIT OVER LAND TRADES SETTLED

Judgment Entered in Court Today
Exonerates A. N. Harold and
Others of Conspiracy Charge.

SUIT BY WILLIAM DAGLER.

Plaintiff Recovers Rush County
Farm From Sanfords But Pays
Costs of Other Defendants.

A settlement of the case brought by William Dagler of this city against William Eikenberry of Howard county, William Sanford of Michigan, Alva N. Harold of near Rushville and others was entered on record in the circuit court this morning.

The complaint in this case charged that William H. Eikenberry is the head of a conspiracy, defrauded Dagler out of 20 acres of land in Rush county, a sum of money and 100 acres of land in Morgan county, Indiana, by deeding him a farm in Ohio which was of little or no value; that the deed in question was made by William Sanford and the Rushville property and the Morgan county land was deeded to Sanford. Under this paragraph of complaint attorneys say it would have been possible for the court to have found for Dagler on his charge of conspiracy against all the parties he sued or to have found in favor of the defendants on a conspiracy charge, and at the same time found that any one of the defendants was guilty of defrauding Dagler out of his land and money through the fraudulent representations.

The decree and judgment which was entered in open court, by agreement of all the parties, provides that the Sanfords convey to some person selected by Dagler 20 acres of land lying immediately west of Rushville, formerly owned by Captain T. D. Cole, and that Dagler convey to Sanford 95 acres of land near Bloomington, Indiana, which Dagler finally received in this trade. This is accepted by Dagler as a full settlement of all matters sued for in the complaint in question in which he asked damages amounting to \$82,000.00. Sanford retains 100 acres of land in Morgan county, worth probably \$15,000.00, conveyed by Dagler to him, and also retains whatever money was paid him in addition thereto.

The judgment is especially interesting in view of the fact that it entirely and completely exonerates William H. Eikenberry, Alva N. Harold, Oliver J. Frazee, William Boyd, Arthur P. Foreum and Pharoah N. Hill from, in any manner, having anything to do with, or taking any part in the trades complained of, or with having received any of the benefits derived therefrom. The language of the judgment in this respect is as follows: "That no conspiracy was ever entered into by and between the defendants to defraud the plaintiff and that the defendants, William H. Eikenberry, Alva N. Harold, Oliver J. Frazee, William Boyd, Arthur P. Foreum and Pharoah N. Hill in no manner directly or indirectly defrauded the plaintiff, nor received any benefit or profit whatever from any of the transactions alleged in the complaint, and are not liable to the plaintiff in any sum whatsoever on account of the allegations of the complaint herein and are entitled to a judgment in their favor thereon and for costs.

"It is therefore considered and adjudged by the court that no conspiracy was ever entered into by and between the defendants, William H. Eikenberry, Alva N. Harold, Oliver J. Frazee, William Boyd, Pharoah N. Hill and Arthur P. Foreum with the defendants William Sanford.

CONDITION IS IMPROVED

Prospects for Bert Buell's Recovery
are Better Today.

Bert Buell of Fayette county, son of Mrs. Marshall Buell of this city, who was seriously injured in Indianapolis last Thursday night when his automobile was "sideswiped" by a street car, was slightly improved today, according to word received by relatives here, but is not yet entirely out of danger. It was stated that the attending physician does not now believe that he is injured internally, but that there are still chances of complications. He was unconscious from a blow on the head, up until yesterday morning, and since that time has been conscious only a part of the time.

SOLDIERS ASKED TO SIGN RECEIPTS

Men of Sanitary Detachment Urged
to Call on Dr. L. M. Green to Get
Refund From State.

HE WILL CERTIFY TO THEM.

Dr. Lowell M. Green announced today that he had received the receipts for the money which the state will pay the men of the sanitary detachment of the 139th Field Artillery for the equipment which was issued to them and for which they paid. Each man who belonged to the unit is urged to see Dr. Green at once, and sign a receipt. Dr. Green will then certify to them and forward the receipts to the adjutant general, Harry B. Smith. This procedure is necessary, Dr. Green said, before the men can get their money.

It will be recalled that both the members of the sanitary detachment, which was organized here by Dr. Green, and of old Company B, had to pay for their equipment, and there was no prospect of their money being refunded until local men started some agitation in this direction and the last legislature passed a law appropriating money to repay the men who had to buy their own uniforms when they enlisted. The men who enlisted in Company B can not expect a refund until Captain John H. Kiplinger returns from France because he organized the outfit and has the list of names of those who paid for their equipment.

JONAS FELTS, COUNTY PIONEER, DIES TODAY

Expires This Morning at Home of
His Son, William Felts, at Age of
81 Years

FUNERAL SUNDAY AT 4 P. M.

Jonas Felts, age eighty-one years, died this morning at 6.30 o'clock at the home of his son, William Felts, 314 East Tenth street, following a prolonged illness. He was confined to his bed for five months previous to his death.

Mr. Felts was born November 18, 1837 and came here with his parents from North Carolina when only a small child a few years old. His parents settled in the Concord neighborhood northwest of Rushville and he spent the remainder of his life in this county. He was a member of the Main Street Christian church, and in addition to the one son, is survived by one daughter, Mrs. Will Manning of this city.

The funeral services will be held at the home of his son Sunday afternoon at four o'clock, conducted by the Rev. L. E. Brown of the Main Street Christian church, and burial will take place in East Hill cemetery.

COUNTING NOSES ON PACT STANDING

Leaders of Various Factions in Senate
Figuring on What Test Vote
Will Show.

20 DEMOCRATS FOR CHANGES

Senators Johnson, Borah and McCormick to Answer President—
Johnson to Make a Tour.

(By United Press.)

Washington, Sept. 6.—With senatorial opponents of the treaty and league of nations planning a tour over the ground now being covered by the president, leaders of the various senate factions today were counting "noses" in an effort to determine their voting strength.

A leading democratic senator today declared that twenty democrats will vote for reservations to the treaty while 27 will vote for unqualified ratification.

This prediction it was made plain is based on the assumption that there will be no more changes of position. Meanwhile the "mild reservationists" and the Lodge group were trying to compromise their differences over the wording of the reservation on article 10 of the league covenant which is now the real issue among these favoring reservations.

Senator Lodge's proposal, adopted by the foreign relations committee, is for a reservation which assumes that the United States will stay out of foreign wars over territorial invasion and the like, except upon the most extreme provocation.

Senator McCumber's plan of presenting the views of "mild reservationists" assumes that the United States will be willing to get into such wars if a plain case of unlawful aggression can be made out.

Both proposals leave the United States to decide though congress when it will go into war and to what extent.

On the other reservation, withdrawal, domestic questions and the Monroe doctrine—there was no essential difference between the Lodge and the mild group. Senators McNary, McCumber and others said these three were acceptable in the main.

The "battalions of death" are the treaty opponents who are known to plan to use the time while the president is away in following him.

Several times such a tour has been tentatively decided upon only to be abandoned. Now it is definitely announced that Senators Borah, Johnson and McCormick will launch it next Wednesday at Chicago, continuing through the middle west and west.

Johnson is to be the headliner, with the others making short individual trips in reach of Washington.

Following the Chicago meeting, at which Johnson, Borah and McCormick will speak, the three will separate.

Johnson's engagements decided upon include Indianapolis September 11.

Johnson, who in addition to being one of the bitterest league foes, is looked upon as one of possibilities for the republican presidential nomination.

After the Kansas City speech, Johnson probably will proceed westward, but no other definite dates are announced.

RECEIVES DISCHARGE.

Lieut. Posey Denning, who has been here on leave from Camp Funston, Kansas, has received his discharge and is now out of the service. Lieut. Denning was here on leave after his arrival overseas several weeks ago, but had to return to Camp Funston and then was permitted to come home.

SAYS NEGATION IS BOLSHEVISM

President Gives His Opinion of Opponents of Treaty Who Offer
Nothing Constructive.

SPEAKS AT KANSAS CITY

Asserts Cause he is Fighting For is
Greater Than the Senate or
the Government.

(By United Press.)

Convention Hall, Kansas City, Sept. 6.—Treaty opponents who view the document with "jaundiced eyes," who are against it because they have some "private political purpose" will be gibbeted and they will regret that the gibbet is so high," President Wilson told a big crowd here today.

He reiterated that it was a case of "put up or shut up," that the opposition would have to produce something better than the league of nations or step aside.

Mere negation without offering anything constructive to replace the treaty is Bolshevism, he asserted.

He said he respected the man who honestly although ignorantly opposed the treaty, but denounced those who are against it for political purposes.

The Philippine Islands would get their independence under the league, Wilson said.

There was great applause when the president proclaimed that through the treaty the American spirit has made conquests of the world.

"The war was won by the American spirit," he cried. "There was a wild shout from the crowd."

If the treaty is beaten those responsible will have a life-long reckoning with the fighting forces of the United States, the president asserted.

The cause he is fighting for is greater than the senate or the government and he intends in office and out, to fight for it as long as he lives, Pres. Wilson declared.

The president's special left on the stroke of twelve for Des Moines where he speaks tonight.

In Sen. Reed's Home Town

Aboard the president's train approaching Kansas City, Sept. 6.—Constituents of Senator Reed, one of the principle opponents of the league of nations, today were to hear President Wilson's arguments for ratification. Kansas City is Reed's home town.

Wilson apparently is making an effort to humanize the treaty and to convince the people that the nation is facing one of the most momentous alternatives of its history: that if the verdict is against the treaty as it stands, the effect will be felt in the homes and pocket-books of American citizens.

Rejection, he says, will make America a militaristic power facing disappointed, unfriendly nations in an armed world and with consequent higher living cost and eventual war. This was emphasized in his St. Louis speeches.

The president says he wants to make acquaintances with the people to get the nation's viewpoint and he seems to seek opportunity to get close to folks.

Two Stops on Schedule.

Kansas City, Sept. 6.—A whirlwind visit to Kansas City and a night address at Des Moines were on President Wilson's schedule today in his cross-country speaking trip in behalf of the peace treaty. Arriving here in the morning from St. Louis, where he made two addresses yesterday, the president spoke at a mass meeting after which it was arranged for him to leave immediately for Des Moines, where he will spend Sunday.

ANOTHER ISSUE APPROVED

State Board Allows Bonds For the
Luther Hungerford Road.

The state board of tax commissioners has approved the petition for permission to issue bonds in the sum of \$10,640 to build the Luther Hungerford road on the Rushville-Walker township line, according to word received here. This was one of four bond issues which have been pending before the state board, two others having been acted upon. The county infirmity bond issue was denied and the issue for the Moore road in Richland township was sanctioned. The board has never acted on the petition for the issue to build the John H. Bower cement road, north of Rushville.

SHOW MACHINES MADE BY RUSHVILLE PLANT

Article in Popular Mechanics Deals
With Glue Spreader and Veneer
Press Manufactured Here.

WERE USED IN AIRPLANE WORK

The September number of Popular Mechanics contains pictures of two machines made by the Charles E. Francis company of this city which were used during the war in making airplanes. The article accompanying the picture deals with the experiments conducted by government experts in this line and tells of what was accomplished with the machines.

The magazine shows a veneer press and a glue spreader which were made at the local factory. There are two views of the glue spreader, one a front view and the other an end view. This machine is standard and is made all the time by the Rushville concern for veneering and built-up woodwork. It is used in manufacturing furniture and pianos.

The veneer press displayed with the article is of special design made for airplane work. Veneer presses are made regularly by the Francis company, however. The article deals with the government experiments with waterproof glue, which is not used in piano and furniture work.

McDougal of the Federal Reserve Bank of Chicago has received a telegram from Secretary of the Treasury Glass containing an important announcement for the holders of United States Treasury Certificates of Indebtedness, dated May 1, 1919 and maturing October 7, 1919. Following is the text of the announcement from the Secretary of the Treasury.

"All United States Treasury certificates of indebtedness of Series V-K, dated May 1, 1919 and maturing Oct. 7, 1919, are hereby called for redemption on Sept. 15, 1919 at par and accrued interest pursuant to the provision for such redemption contained in the certificates. On September 15, 1919 interest on all certificates of said series will cease to accrue."

The above information has also been received by the local banks.

WAR COST 200 BILLION

Paris, Sept. 6.—Finance Minister Klotz announced in the chamber of deputies today that the war expenses of the allies had been estimated at \$200,000,000,000.

RETAIL STORES WILL OPEN SOON

War Department Will Conduct a
Sale of Surplus Household and
Personal Necessities.

OPEN ABOUT SEPT. 25TH

Sale Will Not Include Food and Catalogues Will be Issued to Conduct a Mail Order Department

Toward the last of this month the government war department will open retail stores all over the United States, for the purpose of selling surplus articles, at cost, to the public. These stores are in no way to conflict with the postal department and the food sale being conducted by it now, and at present the retail stores will not include food, but other necessities. The method of sale has not been thoroughly worked out, but it is almost certain that catalogues will be issued, and a mail order business conducted. The nearest supply office from Rushville is Jeffersonville, and the location of these retail stores, has not been decided upon.

The primary object of these stores is to place before the public, at the least rate possible, the surplus supplies of the Army. In order to reach the greatest number of people, the United States has been divided into several districts, according to the population. For sake of convenience these districts will be termed Retail Districts. At least one store will be established in each Retail District, under the immediate supervision of the Zone Surplus Property Officer, in whose military zone the store is located.

These stores will be prepared to conduct a retail, cash, counter business, and organize a mail order department, operated as part of and by the store and not by the Postal Department. The Postal Department will be requested to establish in each store a branch Parcel Post Office, for convenience in making shipments.

An initial allotment of stock will be made to each store from Washington. This allotment is made for the benefit of the entire Retail District, and not solely for the individual city in which the store is located.

In many instances the initial stock will include the entire available quantity of the surplus of certain articles, which when exhausted will be no longer available. Under no circumstances will orders be received for quantities in excess of allotment, or actual stock on hand, with the prospect of future replenishment. Orders received by mail for supplies not on hand, or for which stock is exhausted, will be immediately returned to the sender, with the advice that same is exhausted.

As the idea and object of this sale is to reach the individual, no orders for large quantities of any article will be received, except for Boy Scouts and in special cases municipal activities. No sales will be made to hotels, and similar institutions. At present no groceries will be included in these articles.

The exact location of the various stores that will be established in this district, and detail plans as to the method and manner of distribution, have not been worked out, nor has a list of the articles to be sold been received. These facts will be published in all papers as soon as determined upon. These stores will not be open before September 25th. The information of the public, the sales now being conducted by the municipalities and Postal Department are in no way connected with these stores to be opened in the very near future.

The public is invited to watch the

FIRST INSTITUTE IS HELD

Township Teachers Gather Here Today for Preliminary Session.

A large attendance marked the first preliminary institute for teachers of the township schools of Rush county, which was held in the assembly room of the court house today. The institute, which was originally scheduled for a week ago yesterday and was postponed until today, opened at 9 o'clock and the first topic for discussion was "The Elementary Course of Study." Other topics discussed by the teachers were: "What is Education?" "What is Knowledge?" and "The Valley of Democracy."

Seeks The Nomination For Governor Again

WARREN T. MCCRAY
Kentland, Ind.

Indianapolis, Ind., Sept. 6.—Aspirants were in the race today for Republican nomination for governorship and still others were in prospect.

Warren T. McCray, livestock breeder, of Kentland and opponent of governor Goodrich in the last election, came out late yesterday with the promise of "a good clean business administration."

Mr. McCray's announcement is as follows:

"I have decided again to seek the Republican nomination for the office of Governor of the state of Indiana. I am seeking the nomination on my own initiative, and if nominated and elected, will give the people of Indiana a good clean business administration. To this end I ask, and earnestly desire, your support in the coming primary election."

Mr. McCray is one of the best known and successful farmers of Indiana, and his stock sales at his Orchard Lake farm usually are regarded by stockmen as a state-wide event. He also is successful in other lines of business, and generally is regarded as one of the substantial men of the state. As a man interested in public welfare, he has taken a great interest in the betterment of the agricultural condition of the state.

It had been almost a foregone conclusion for some time that Mr. McCray would be a candidate. After Will H. Hays, Republican national chairman, announced several weeks ago that he would not be a candidate for the nomination for governor, Mr. McCray's friends were the first to get busy in the interest of his candidacy, and they have been increasingly active since that time.

It is understood that Mr. McCray will largely manage his own campaign, and that he will not start an organized campaign until later in the year. Lawrence Lyons, of Brook, is one of Mr. McCray's closest friends and probably will assist him in an active way.

Up to date, Edgar D. Bush, Lieutenant Governor, is the only other candidate for the governorship who has made an official announcement. Friends of Ed Jackson, of Lafayette, made an announcement in his behalf, but Mr. Jackson has not confirmed nor denied their announcement in an official way. Edward C. Toner, of Anderson has long been considered an aspirant for the nomination, and has been working lately for the purpose of building up an organization, but as yet has made no statement to the public.

Among new men who have been talked of for the place during the last few days is Arthur R. Robinson, of Indianapolis. Mr. Robinson has just returned from France where lately for the purpose of building up in the American army, and he is known as a good campaigner. There has been some talk about the probable candidacy of Otto Klaus, state auditor.

On account of the transactions alleged in the complaint herein. That as against the defendants, William H. Eikenberry, Alva N. Harold, Oliver J. Frazee, William Boyd, Pharoah N. Hill and Arthur P. Foreman, the plaintiff take nothing by this suit and that each of said defendants have and recover of the plaintiff their costs in this behalf laid out and expended.

The settlement was, in fact, made directly by William Sanford and his son with William Dagler, they being the parties who in reality received all the benefit in the trade in question, and the only parties thereto.

The only local attorneys interested in this case were John A. Tiswirth, who represented Dagler, and Donald L. Smith, who was attorney for Eikenberry.

This ends what would have been a long and bitterly fought law suit.

night from St. Louis Mr. Wilson arranged to sleep late on his special train, leaving it only a short time before the hour for his address. Although he is said by his physician, Dr. Cary T. Grayson, to be standing the trip well, he is conserving his strength as much as possible for the three weeks of the tour remaining before him.

The special train arrived here from St. Louis at 9:05 o'clock this morning. It was held in the outskirts for an hour before coming into the union station.

Long before the president and his party were met by the reception committee, a large crowd was gathering on the union station plaza, whence the parade through downtown streets started.

Simplicity was the keynote of plans for the president's reception here. Automobiles were provided to take the party by a short route through the business district of the city to Convention hall, the speaking place. Brief introductions were arranged.

American flags in great numbers were used to decorate the interior of Convention hall, and the section reserved for Mr. Wilson and his party was decorated by a profusion of flowers.

MINOR EPIDEMIC FINANCIERS LOOK PRACTICALLY SURE FOR BIG UPHEAVAL

Influenza Has Always Swept Coun- tries 2 Years Successively, Ac- cording to Dr. Copeland.

GIVES AS EXAMPLE YEAR 1891

Advises Everyone to do His Utmost to Keep His Equanimity, Piety and Occupation.

New York, Sept. 6.—A minor epi- demic of influenza is practically in- evitable throughout America this fall, according to Dr. Royal S. Copeland, Commissioner of Health for New York City.

Influenza epidemics have always swept countries in pairs, according to Commissioner Copeland. The last one in America prior to last winter was in 1891, which was the minor appendage to the major epidemic of 1890.

Dr. Copeland looks for the epi- demic this year to be much lighter than that of 1918, though minor epi- demies are often as bad as the ma- jor phase. This was true of 1891, he says. But the fact that so many people were affected last year gives added immunity this year.

Speaking to the United Press, Dr. Copeland said: "I have no doubt but that we will have another epidemic this year though infinitely less violent than last year's when practi- cally every person was affected."

"Seventy percent of last year's victims were between the ages of fifteen and forty-five, probably due to the fact that so many men were in training camps."

"My only fear is that it will at- tack another age group this year. Apparently the germs develop an appetite for a certain kind of food and choose people of a certain age, though there is no known explana- tion for the attraction to certain ages."

Asked what could be done to pre- pare, Dr. Copeland prescribed "soap and water and fresh air."

"Influenza is essentially a house disease," he said. "Apparently it needs long continual contact to be- come infected. It is not like small- pox, which you could get in a min- ute. You have to live with influenza to get it."

"It naturally follows that out-of- door life, sleeping with windows open regardless of the weather, taking exercise, and using common sense with regard to food, are the best preventatives."

"Above all, avoid those who have influenza. In families patients who have influenza or colds ought to be kept by themselves. They should not associate with others."

"Apparently the germs of influ- enza are conveyed by the hands more easily than other ways. Every- one should have clean hands. Peo- ple should make a rule to wash the hands and face several times a day with soap and water."

Commissioner Copeland says there is no cause for excitement since the Board of Health is watch- ing symptoms of influenza the world over and is co-operating with other boards of health throughout Ameri- ca. It is also working on vaccines.

"Masks are no good, it has been demonstrated to the satisfaction of scientists," says Dr. Copeland. "We are old fashioned here. We do not believe in closing schools or church- es. We did everything unconven- tional here in 1918 and had the lowest death rate of all."

To prove that masks are danger- ous instead of healthful, Commis- sioner Copeland cites the case of San Francisco, which had a high death rate, he thinks because "the masks are filthy, prevent the pa- tient from getting good air, and cause him to re-breathe bad breath."

"Above all, let's not get excited," says Commissioner Copeland, who advises everyone to do his utmost to "keep his equanimity, piety, and oc- cupation."

Leading Bankers Declare a Serious Financial Crisis is Ahead of The Country

WILL TAKE POLITICAL TURN

It will be Good Tonic for Country in That it Will be a Show Down And Will End Agitation

(By United Press.) New York, Sept. 6.—A financial crisis is ahead of the country, ac- cording to leading bankers of New York, which may be one of the most serious situations the country has ever faced.

There seems to be little doubt in the minds of Wall street leaders, judging from the views expressed to a United Press reporter, but that the crisis will take a decidedly po- litical turn. Financiers expect the radical elements among labor lead- ers to make a stand for commun- ism.

While Wall street admits that there has been a perceptible slow- ing down on the part of moneyed interests, bankers say they are confident of the outcome of the is- sue between labor and capital.

"Capital is doing some watchful waiting," explained one vice-presi- dent, connected with one of the large- est institutions of the country. "Many of our clients are apprehen- sive. Some are scared."

"Many wealthy interests no long- er care about making money. For example, this morning a client was in here, a man who keeps a million dollar account with us. He had drawn no interest, and I asked him to wait a few minutes so that we pay him what was due."

"He didn't want it. 'What is the use,' he replied. 'More money is simply more taxes and more trouble. Never mind the interest.' Similar lack of interest in pushing develop- ments is noticeable among most of the big interests."

The crisis will be a good tonic for the country in that it will be a show-down and will end agitation, say the bankers, who feel that the decision and freedom for which our forefathers fought," as one man put it.

Wall street is prepared for the crisis when it comes, and will be "nimble" to use the terms of finance. The bankers say the people of the country will be hardest hit, especially investors, if a drop in stocks comes. Wall street will not be especially hayd hit, according to predictions, since it does not hold the majority of the securities, con- trary to the popular idea.

The bankers point out that the public's idea of Wall street is a small group of banks which own practically all of the securities in the country. According to finan- ciers, Wall street owns very few securities, and is merely an ex- change for the savings banks of the country. Either the savings banks or small private investors own by far the larger part of the American securities. The Pennsylv- ania railroad, with its one hundred thousand stockholders and the San- ta Fe with its forty thousand own- ers, as well as many other large corporations, are cited as examples.

Joe Woods is ill at his home in North Harrison street.

For Men Who Work Hard

Factory workers, railroad men, farmers, miners mill employees and all men who work at hard, straining physical labor are more or less sub- ject to kidney trouble. Nature gives warning signals by frequent lame- ness, stiff joints, sore muscles, back- ache and rheumatic pains. J. G. Wolf Green Bay, Wis., writes: "Fol- ley Kidney Pills relieved me of a severe backache, that bothered me for several months. A few bottles fixed me up in good shape."

Sincerity in Civil Life.

A recent discharged soldier went into civilian life—and then decided to return to the army. His reason was that he found it easier to talk the language.

He didn't say what language, but after a few questions his position became plain. In the army they are less polite than they are in civil life but they know each other better. In civil life we are civil. We rarely say what we really mean. If we are invited anywhere, and we don't want to go, we don't say so; we merely have a previous engagement. If we are asked whether we like something that the other fellow likes, we say "yes", even though it gives us a pain in the rhombohedral gland.

We profess personal liking—even enthusiast affection—for people to whom we want to sell something. If we are made the recipients of honey-flavored overtures, we feel a sinister suspicion that we have been picked as prospects.

It seems unfortunate that any one should have to go into the army to escape from this kind of thing. For many people it is an excellent thing to be in the army, but it is sad that there should be no other environment—except, perhaps, the navy—where things are called by their real names. Sincerity in these two branches of public service is natural; the members don't have to sell anything to make a living. But a fairly good alternative would be found in the development of a corresponding sincerity in civil life.

The Railroad Pass Evil

According to the New York Herald, William G. McAdoo, former Director General of Railroads, and also former Secretary of the Treasury, together with members of his family, still enjoys the privilege of annual Pullman passes, good on all railroads in the country. Congress was informed today in a report from director General Hines to the Senate on the number of railroad and Pullman passes issued to officials of the railroads and their families and outstanding as of July 1, 1919.

In addition to Mr. McAdoo, his wife, who is a daughter of President Wilson; his son, Robert H. McAdoo, and a daughter, Miss S. McAdoo are listed in the report as Pullman pass holders. Mr. McAdoo is described in the listing as "special counsel for the State of New York". Neither he nor the members of the family are put down as having railroad passes.

The report shows that on July 1, there were 1,590 wives, daughters, sons, relatives and near relatives of railroad officials holding annual all-line railroad passes and 1,096 of them holding annual all-line Pullman

Amusements

Comedy and Drama at Mystic

Comedy and drama divide honors on the Mystic program today. Fannie Ward, the famous actress, appears to advantage in "The Yellow Ticket" and James Aubrey is seen in a Burly Q comedy, "Chasing Rainbows." The next episode in the sensational serial, "The Red Glove" will be the offering for Monday.

A Southern Setting at Princess.

Another story by Frances Hodgson Burnett, the famous author whose greatest achievements are novels written around juvenile characters, has been adapted and produced by Paramount with Vivian Martin as the star. It is "Louisiana". And in the picture which will be shown at the Princess theatre tonight, Miss Martin is presented in an ideal characterization, that of a sweet girl who had spent her childhood days high up in the mountains of South Carolina and whose father, desiring that she should see something of the world sends her to a southern resort.

There she meets Laurence Ferol and the romance begins. The heavy role is played by a young lover who has known the little girl from childhood and who is insanely jealous of her. He follows her to the city and seeing her in the company of Ferol, shoots to kill. The man, however, recovers, under the girls' tender care.

One day out riding, their automobile breaks down and he and his sister seek shelter in the home of the girl. The lover innocently criticizes the crude home, which criticism the girl resents. This results in their separation. After many vicissitudes, one of which is another attempt on the part of the young mountaineer to murder his rival, the lovers are reunited.

Telling the Truth

The makers of Foleys Honey and Tar Compound do not claim that it will cure every case of hay-fever and asthma, but they have received many letters from men and women who have been relieved by it from these torturing afflictions. J. M. Woodworth, Ore Hill, Conn., writes: "I have used Foleys Honey and Tar and it is the only medicine I ever used that relieved me of asthma, I would not be without it." Good for any cold, hoarseness, tickling throat, bronchial cough, whooping cough, or croup. Children like it.

**31 YEARS MARKS
A NOTED CHANGE**

Columbus, Ohio, Prepares to Entertain Civil War Veterans in Annual Encampment.

THEY WERE THERE IN 1888

Over 100,000 Fighters Were in Line Then But Father Time Has Reduced Their Number.

Columbus, Ohio, Sept. 6.—Just thirty-one years ago today all Columbus was keyed up to the highest pitch of expectancy and preparation. Decorators were swathing the city with flags and bunting. Gas-lighted arches were being erected in the downtown sections. Mammoth cities of tents were springing up and band stands and reviewing stands were being built along High street.

Columbus was preparing to welcome 100,000 veterans of the civil war to the twenty-second national encampment of the Grand Army of the Republic. Then the blue-coated hordes swept into Columbus from every section of the country.

On Tuesday, September 11, 1888, was held the greatest parade in the history of the city. Leading the columns of sturdy civil warriors were General William Tecumseh Sherman and ex-President Rutherford B. Hayes.

The soldiers marched with firm step and clear eye. The day was theirs. A half hundred bands and drum corps resounded martial music while the tread of thousands of feet beat in cadence on the cobblestones of High street. The procession was miles in length and took hours and hours to pass the reviewing stand in East Broad street.

Commander-in-Chief Ken, General Sherman and ex-President Hayes and official staff left the column at the reviewing stand while the long, steadily marching columns continued on.

The fifty-third national G. A. R. encampment next week will probably be the last ever held by the veterans of years gone by.

Instead of mammoth camps, necessary years ago to accommodate the thousands of soldiers, Columbus today was throwing open its homes to the civil war veterans who began pouring into the city on every train.

The camps are not needed. There were 100,000 veterans in the city then. Now there will not be more than a tenth of that number. Instead of the numerous band stands along High street, first aid stations have been erected to care for the aged veterans who may succumb to the strenuous activities of the parade to be held next Wednesday.

In 1888, the march was nearly three miles in length. Next week's line of march will cover only a very short distance, probably less than a mile. There will be thousands who will not march with their comrades. Special reviewing stands have been erected for them.

Time has marched on in thirty-one years, and many thousands of soldiers have dropped from the ranks.

For the first time in the history of G. A. R. encampments, other military organizations will take part. Thousands of Spanish War and World War veterans will march with the civil war heroes. The younger blood of America will take over the more strenuous duties of the civil warriors with a zeal born of victory.

Former Governor James A. Campbell, director general of the encampment, has been assured that nearly every post of the American Legion in Ohio will take part in the parade.

HELM HOMESTEAD IS SOLD

Name of Purchaser and Consideration are Not Yet Made Public

The old Helm homestead, which belonged to the late Wm. Helm, has been sold, it was stated authoritatively today, but the name of the purchaser was not made public. Neither is the consideration known. The Helm home is one of the oldest in Rushville and is located at the northeast corner of Harrison and Third streets. It is said that the new owner plans to wreck the house and build three residences on the site, one of

One barrel of 196 pounds will make 283 loaves of bread, which at 10c each would amount to \$28.30. CLARK'S PURITY FLOUR retails at \$13.60 per barrel, then the housewife who bakes her bread will save \$14.70 per barrel, less the seasoning and fuel for baking; hence a long step in the direction of reducing the high cost of living would be accomplished.

CORNERSTONE LAID FOR LAFAYETTE MONUMENT

President Poincare Lays First Stone For Shaft Dedicated to Honored Frenchman.

WILSON SENDS A MESSAGE

(By United Press.)
Pointe De Grave, France, Sept. 6. France today honored La Fayette's birthday by laying a cornerstone here on the site from which he sailed for America of the monument which is to be erected in commemoration of American aid and intervention.
President Poincare laid the first stone of the monument. Premier Clemenceau, Marshal Foch, Ambassador L. Wallace, and Secretary Frank P. assisted at the ceremony.
Units of American and French soldiers marched in review and acted as guards of honor, while just off the

coast in the estuary of the Gironde river American and French battle-ships cruised by the historic point.
Pointe de Grave is located on the south shore of the Gironde just at its mouth. It was on March 24, 1777, that La Fayette, with his small force, sailed for America. All American troops which landed at Bordeaux during the past two years passed close by this spot which until to-day was unmarked.
Bartholome, famous French sculptor, has been commissioned to erect the monument. It will symbolize the homage of France for the great aid brought in the hour of need by the United States.
A message from President Wilson expressing his profound interest and appreciation in the name of the entire American people and his personal regrets at not being able to be present, was read.
Mrs. Manly Pearce, who was reported to be seriously ill last night from the effects of an operation for appendicitis a few days ago, was said to be improved today.

HEARING BY THE COMMISSION FRIDAY

Will be to Determine Whether Phone Rates Authorized by Burleson Shall Stand

ANY PERSON MAY BE HEARD.

Word was received here today that the state public service commission will conduct a hearing next Friday morning at ten o'clock, in the rooms of the commission in the state house in Indianapolis, in the matter of the rates authorized by Postmaster General Burleson for installation and moving of telephones.
The hearing will be for the purpose of determining whether these or any other rates shall be continued. The commission is anxious that the widest publicity be given this hearing and that every person who is in any way interested in the matter is given notice so that he may appear and be heard at the hearing.
These rates are as follows:
Service connection charge, individual or party line service, \$3.50.
Extension station connection with any class of telephone service, \$3.50.
Private branch exchange service:
(a) For trunk line connecting private branch exchange with a central office, \$3.50.
(b) Each telephone connected to private branch exchange, except operator's set, \$3.50.
For moving telephone set from one location to another, \$3.00.
Change in style of type of telephone set, \$3.00.
Change of name (service already established), \$1.50.

SERIES OF SPECIAL SERMONS ANNOUNCED

L. E. Brown's Sunday Morning Sermons for 2 Months to Deal With "Several Sorts of Churches."

The subject for the evening sermons will be as follows: "Christ the Carpenter," Sept. 7; "Work and Wages," Sept. 14; "Co-operation vs. Competition," Sept. 21; "Our Brother in Black," Sept. 28; "Sour Grapes," Oct. 5; "Over the Fence and Out," Oct. 12; "Gamblers and Gambling," Oct. 19; "Circumstances and Character," Oct. 26.

ARRIVES FROM OVERSEAS.

Charles and William Clevenger have arrived in New York after more than two years service overseas, according to word received today by relatives. They enlisted with Company B here and were transferred, having seen most of their service with Battery A of a field artillery regiment in the First Division.

Will Bowen Catches a Big Fish at Cedar Lake, Wis.

Will Bowen, who together with Dr. Frank H. Green is on a fishing trip at Cedar Lake, Wisconsin, caught a big muskellunge forty-four inches long and weighing twenty-four pounds, according to word received here today. This is reported to be the biggest fish caught in that region for some time and the Rushville man is said to be the idol of the fishermen there. Meanwhile, it is suspected here, Dr. Green is jealous of Mr. Bowen's suddenly gained notoriety because he has always had the record for the biggest fish caught on previous trips.

Catarrh Specialist Coming to Rushville

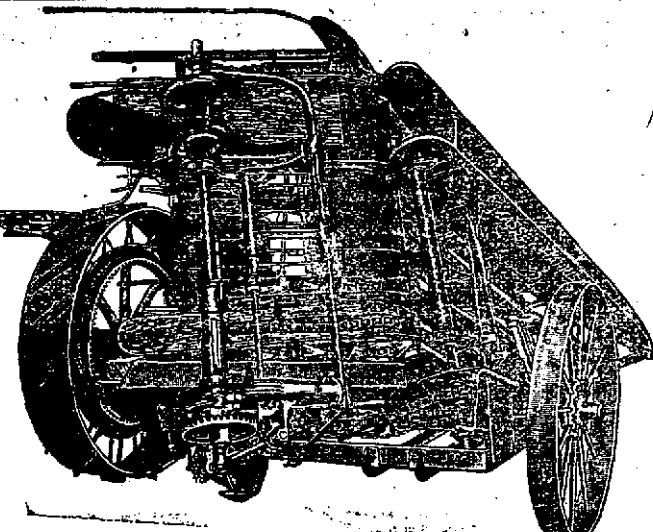

WILL GIVE FREE EXAMINATION AND ADVICE
Medical Director of Indiana Catarrh Institute to Give Talk on Catarrh and Tuberculosis.

Chronic catarrh of the nose, throat and lungs is so prevalent and is so often the forerunner of fatal diseases like tuberculosis, influenza, asthma, hay fever and others that the Indiana Catarrh Institute, permanently located at 1436 North Illinois street, Indianapolis, Ind., is sending their medical director to a few points in Indiana to examine and advise sufferers from this disease on how to prevent or cure it.
Catarrh, besides being extremely disagreeable and annoying, with its continual coughing, hawking and spitting, is positively dangerous, as it leads to many fatal diseases and undermines the strength and health of the whole system. It is a stubborn disease to cure, requiring the skill of an expert and experienced specialist to properly rid the system of it in a short time. It is very seldom, if ever, cured by patent medicines, mail order treatment, home remedies, and the like.
The Indiana Catarrh Institute is a large institute, devoted entirely and exclusively to the treatment of catarrh. It has a staff of specialists who have devoted more than sixteen years to the study of this one disease.

There is no other institution like it in this country and their methods used in curing catarrh are different from any other in this country. Their methods can be used either in the institute or in the home, according to patient's convenience. Anyone visiting Indianapolis is invited to call at the Institute and investigate their methods and results. But for convenience, it is well to see the Medical Director, an expert specialist, when he is in this city.

His examination, consultation and advice is free. He invites everyone who is afflicted with chronic catarrh of the nose, throat or lungs, chronic cough and bronchitis, dropping mucus in the throat, pains in the chest, shortness of breath, clogged up head and nostrils, head noise, catarrhal deafness, hawking and spitting, or any chronic catarrhal conditions, to be examined and get his advice without charge or obligation. He will be glad to talk with you, giving you the benefit of his skill and experience freely.
Beware of tuberculosis and other fatal conditions by taking treatment in time.

The specialist will be at the Hotel Scanlan, Wednesday, Sept. 10th, from 9 a. m. to 8 p. m., one day only, and will examine all who call to see him.
For further information either call in person or write The Indiana Catarrh Institute, 1436 N. Illinois St., Indianapolis, Ind. Adv.

The Massey-Harris Stands That Test as No Other Corn Binder Can
And the reason that it does is very clear. It has all of the desirable features found in the usual Corn Binder construction and in addition, has several exclusive ones that contribute much to its efficiency, outstanding among which is a wider range of adjustment for accommodating all heights and kinds of corn—an adjustment which can be operated with speed and accuracy. Whether the crop be the supple kaffir corn of the Southwest, the large, firm varieties of the Corn Belt, or the short growths mixed with grassy bottoms, this machine will harvest it in a way that will always please. Just keep that fact in mind and in connection with it consider the following which will show you conclusively why the Massey-Harris Corn Binder is the machine best suited to supply your needs.
IT IS BACKED BY NEARLY 70 YEARS EXPERIENCE IN IMPLEMENT BUILDING AND IS THE CULMINATION OF 16 YEARS OF STUDY AND DEVELOPMENT.

Asserts New Discovery Brings Blessed Relief To Rose and Hay Fever Sufferers
Can Make It Yourself At Home At Trifling Expense
In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.
He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease.
And best of all this remedy costs almost nothing. Get a one ounce bottle of Mentholized Arcine at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.
Then gargle as directed and twice daily sniff or spray each nostril thoroughly.
That's all there is to it; so simple that a lot of people will say that it can't do the work; but oftentimes simple natural remedies are the best as you will find after using.
If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

162D ANNIVERSARY OF LAFAYETTE OBSERVED

Among Cities Where Elaborate Plans Were Made Were New York and San Francisco

MAJOR HALL SPEAKS IN N. Y.

New York, Sept. 6.—Major General Leonard Wood was scheduled to be the principal speaker at the formal ceremony in commemoration of La Fayette's 162d anniversary, held at City Hall here today.

The celebration, according to the La Fayette Day National committee, was being widely observed throughout the country, the mayor of many cities having promised to cooperate in making the commemoration exercises great successes.

Among the cities where elaborate plans for the day had been made were San Francisco; Lynn, Mass.; Newark, N. J.; Syracuse, N. Y.; Louisville, Ky.; Pueblo, Colo.; Yonkers, N. Y.; and Passaic, N. J.

Major Ralph of San Francisco heads the committee in that city and recently was decorated by the French government with the Legion of Honor in recognition of the fine record made by San Francisco during the war.

Earl Robertson, Local Decorator, Arrested Today and Gives Bond

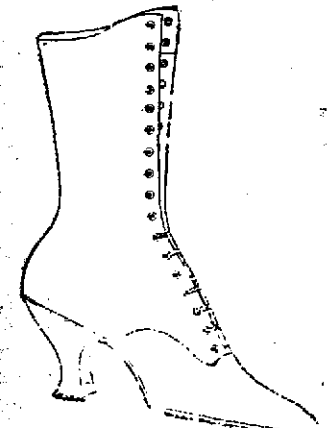

Earl Robertson, local painter and paper hanger, was arrested today on a charge of larceny, being accused of stealing a ready-to-wear, woman's dress from a local dry goods store where he was doing some interior decorating. Robertson gave bond for \$1,000 in circuit court, but entered no plea. He contended that it was a misunderstanding and that the matter would be settled. Robertson said that he had taken the dress out on approval.

California Best Since U. S. is Dry

By MARGARET ROHE (Written for United Press.)

No wonder California fruit Holds highest ranks without dispute

You find such lovely looking peaches At all the California beaches And speaking quite Pacifically.

It seems there's so much more to sea.

Coronado, Calif., Sept. 6.—Since prohibition has put the ban on being in an intoxicated state California is certainly the next best state to be in. It's so free and unframed and close to nature with its silver sands along the sea and purple hills amid the zone. Take it from one who knows, however, you really get closer to nature along the silver sands and there too Nature is so apt to be a perfect 36.

After a well spent season at the California beaches Annette Kellerman or Mack Sennett's beauties cause us as little thrill as a well turned limb did the historic London bus conductor who pulled that antique wheeze "Legs is no treat to me."

Way back in the effete east where bathing suits are complicated and fussy affairs of gingham trimmed taffeta or yarn embroidered satin this season Dame Fashion fairly revels in a perfect orgy of bathing suit designs.

Out here among the wild waves and the wild women of the wild west Dame Nature takes full responsibility for the omnipresent one piece, all wool jersey bathing suit of one design but oh! what a designing one. You just slip in or at least you slip as much of you as you can into the snug little close fit knit garment and let nature take its course. Sometimes its a bit too coarse but not often.

To be brief and verily brevity is the sole of it, the California bathing suit is a snappy little affair that snaps on one shoulder thereby doing away with the necessity of getting in or out of it with a shoe horn. Even as it is universally one piece so is it one design and the only changes to stamp one suit a little more daintily or more originally than another is the stripe of color that bands it round the quick finish, the middle and the shoulder straps. Sometimes this stripe is of a solid contrasting color sometimes Roman stripes of divers hectic tones go roaming round it. Yet others stick to one plain all round color without a bit of relieving trimming and these rely for their bit of dash on a chic headress of some sort. For the bathing millinery of these bare limbed bathing nymphs is as intricate and varied as their bathing suits are simple and frank. Jockey caps for riding the waves, oriental turbans like a Persian bey for still water bathing in the bay and Russian serf headresses for surf bathing, don't you know.

To vision these fascinating bathing costumes in their native clime were well worth a trip across the continent. They are indigenous to the Pacific slope and transplanted to the Atlantic would be subject to a sudden seizure and soon succumb to the rigors of Puritanical hypocrisy and blight. The one piece bathing suit is as characteristic a part of California as her golden poppy and her native sun.

Speaking of the latter I never fully appreciated the true value of a California native sun till I sat in my California bathing suit on the sands last Sunday sans an umbrella.

Since then even my girlish laughter is pealing.

ACTORS' STRIKE IS COMPROMISED TODAY

Chairman of Mediation Committee Says That an Open Shop Was Agreed on by Factions.

THEATERS TO BE RE-OPENED

New York, Sep. 6.—The actor's strike, which began about a month ago, and which after closing the majority of legitimate theaters in New York spread to other cities, was settled early today. All theatres affected will be re-opened at once.

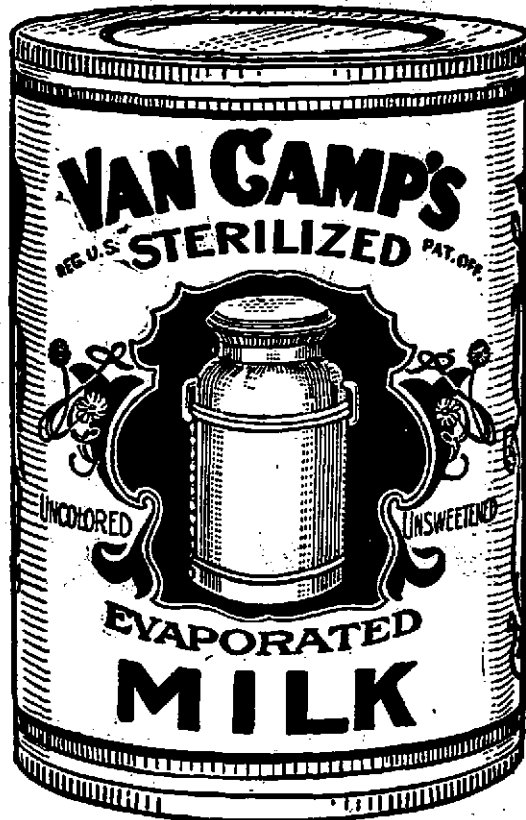

The settlement followed a four-hour conference between producing managers and representatives of the Actors Equity Association and other labor organizations of theater workers' unions.

August Thomas, playwright, chairman of the mediation committee of the Authors' League of America, said that an open shop had been agreed on.

Francis Wilson, president of the Actors' Equity Association, said that all differences had been settled to the satisfaction of both sides.

Settlement of the strike came directly after officials of an alliance of stage employees and motion picture operators had ordered members employed in 169 theatres throughout the country where Shubert productions are being played to strike immediately. Both the stage hands' organization and the actors' association are affiliated with the American Federation of Labor.

"The Cow in the Pantry"

Van Camp's Milk

The Finest Milk Produced In America

A Sterilized Milk From High-Bred Cows From Inspected Cows From Sanitary Dairies

The Result of 20 Years of Expert Effort to Produce a Super-Grade

Van Camp Products Co. Indianapolis, Ind.

Double Butter Fat

All the Van Camp condenseries are surrounded by sanitary dairies filled with high-bred cows.

The fresh milk is brought in and placed in a vacuum. There, by low heat, more than half the water evaporated.

Then we have a milk as thick as thick cream—twice as rich it came from the cow.

If you want a rich cream for coffee, cereals, or ice cream, you can use Van Camp's as it is. If you want rich milk, dilute it with an equal part of water. For cooking, dilute it further.

Cheaper—Rher—Safe

Van Camp's costs less than bottled milk. It is vastly cheaper, because it saves all waste.

Keep small cans and use cans on the pantry shelf. Open when you wish.

Thus you have milk cream for any purpose. Never a shortage, never a waste.

You have a sterilized milk—the only safe sort for infants or for cooking.

You have for your cooking a full-cream milk, instead of the fat skimmed milk.

An Extraordinary Milk

We have worked 20 years to attain for you the utmost in a milk. It comes from healthy, high-bred cows. It is protected in all scientific ways.

Compare with other milk, bottled or in cans. You will find Van Camp's the milk you want.

LANSING AGAINST INTERNATIONALISM

Secretary of State Says, However, Peace Basis Will Survive, in Bar Association Speech

FAVORS A WORLD TRIBUNAL

Boston, Sept. 6.—Secretary Lansing, before the American Bar Association here, in his first public speech since returning from the peace conference, gave warning that the theory of internationalism, of "Mundanism," which received great impetus during the war, constituted a grave danger to world order, but expressed his conviction that democratic nationalism as sanctioned by the peace conference would survive as the basis of society.

Secretary Lansing urged strongly the establishment of an international court as modeled by The Hague convention and founded in the principle of strict legal justice, for the settlement of disputes between states and the codification of international law into an exact system.

He paid tribute to The Hague convention of 1907, whose work, though imperfect and hampered by "the evil purposes which the secretaries of central Europe had so secretly cherished," he still stands as an instrument for the maintenance of the law of nations.

Without an international court and codified laws, Secretary Lansing predicted a return to anarchy, since "nations today are influenced more by selfishness than

PLANNING to build? Better order your materials now so you'll be sure of getting them. Shipments to us are slow now and we don't expect railroads to be able to bring us the materials needed for the deluge of fall building. Bumper crops and winter's coal supply are yet to be hauled and they get preference.

Right now our stocks are complete, and we are keeping shipments coming. But demands may exceed our supply. For our own protection we urge that you

40 POTATOES ON ONE VINE

Record Production Obtained at Purdue's Department.

Lafayette, Ind., Sept. 6.—Forty potatoes on a vine over four feet tall is the record production obtained by the horticultural division of the department of Agricultural Extension on one of the plants grown on the plot of the division. When the vine was removed from the soil, it was green and growing and in all probability would have made a more surprising record had it been allowed to complete its growth.

The seed was obtained from the United States Department of Agriculture from plants grown in Maine last year and was planted in black loam on the university plots on April 15. It is the intention of the Purdue department to continue the selection work and see if the variety will uphold the record established.

STATED MEETING

Regular stated meeting of the Phoenix Lodge, No. 62 F. & A. Masons, will be held next Tuesday evening at 7:30 o'clock. A large attendance is desired.

Big Lot of Hay Fever Jokes

But Kentucky Man Says—"People Who Belong to Hay Fever Colony are Kidding Themselves."

Wouldn't Be Any Rose or Hay Fever if Simple Home Remedy Was Given a Chance.

"Yes, there's a real NINETY-NINE per cent effective remedy for hay or rose fever," frankly states a druggist in a prosperous Kentucky city. "But I don't expect anyone to believe me, because the treatment is so easy and the cost not worth mentioning."

"The annual crop of hay-fever jokes would be mighty scarce if people would get an ounce of Mentholized Arcline and by just adding water that has been boiled make a pint of liquid that will prove a real help to all who suffer."

"Many of my hay-fever friends tell me that by starting to gargle and sniff or spray the nostrils a few times a day the expected severe attack often fails to appear and in cases where it does show up is very mild and does not annoy."

"The Better Class of Pharmacists" who dispense Mentholized Arcline say it will greatly modify any attack even when taken three or four days after hostilities begin.

Go to a real live druggist when you get ready to make a pint.

7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Feren is What You Need Right Away.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence. You can have nerves of steel, firm step, new courage and keen mind by putting your blood and nerves in first-class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient.

Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition.

All you have to do is to take two Bio-Feren tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely.

Bio-Feren is without a doubt the grandest remedy for nervous, run-down, weak, anemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

K. OF C. OLYMPIC MEET HELD AT CAMP DIX, N. J.

Military Carnival Open Only to Former Service Men as Was Gathering at Stockholm.

HABBOCK STAR CONTENDER.

New York, Sept. 6.—Marshall Habbock, who won the 220-yard dash at the Inter-Allied games of the A. E. F. in Pershing Stadium, France, was to be one of the star contenders in the events to-day at the Olympic Meet of the Knights of Columbus, at Camp Dix, N. J. The military carnival was open only to former service men as was the famous international gatherings held at Stockholm, Sweden.

Frank Wandle, the Knights of Columbus secretary, is in charge of the Olympic. The chief air event scheduled was a flight by Lieuts. Donaldson and Stewart from the grounds to Philadelphia and return for an air record.

Other important entries were those of George Hooley, Irvington, N. J., champion amateur runner, who was signed up for the marathon, from the Camp to the State house at Trenton, and Lieut. Russell H. Anderson, who was listed for ten events.

CHANGE AT W. U. OFFICE.

Miss Eva Davis, who has been employed at the Western Union Telegraph office at Union City, will come to this city and be manager of the Western Union office here. Miss Katherine Taney, who has been working here, will go to Greensburg.

Specialist
Of Indianapolis
Will Be At

Scanlan Hotel
Rushville, Indiana
Thursday, Sept. 11th

HOURS:
9:00 A. M. to 4:00 P. M.
Every Four Weeks Thereafter.

AVOID THE OPERATING TABLE

DR. OSBORN'S IMPROVED METHODS ARE EXCLUSIVELY HIS OWN, AND THERE IS NO GUESSWORK ABOUT IT. THEY HAVE PROVEN SUCCESSFUL.

In the treatment and cure "without the use of the knife" of Piles, Fistula, Fissure, Prostatic Enlargement, Rupture, Chronic Diseases of the Kidneys, Bladder, Obstruction, Rheumatism, Stomach, Bowels and all other curable Chronic Diseases.

No Matter How Obstinate or How Contracted — Cured

When I say I can cure you, you can depend upon it, for I know from the successful results in thousands of similar cases to yours, just what I can accomplish. Grateful patients treated by me are constantly recommending others, and this is why I possess such a large practice.

Men! Women! If you do less than you should, on your farm, at your desk, or in your shop, you are in some way weak. If you can't accomplish all that you expect or hope for, you are the silent sufferer from some hidden disease that affects one or more of the important nerve centers of the body. These neglected or unknown conditions, are usually diseases of the Pelvic System, which reflexly act upon the organs of Elimination, digestion and the nervous system, which in turn has its influence on the brain. I have made a special study of the Nervous System and have perfected methods that will cure where ordinary methods have failed. I will give you a searching and thorough examination FREE, thus determining the exact location of your trouble.

BEAR IN MIND that I have in Indianapolis one of the most modern and thoroughly equipped offices in the state with a Specialist in charge who is ripe in years of experience, rich and mature in learning in his chosen work. That neither one of us will promise you more than we can give, and should you be unable to see me on date specified above, you can write, or better still, call at my home office, 314 Traction Terminal Building, Indianapolis.

I do not use the knife, neither do I do any cutting.

Tomorrow May Never Come — Get In Touch With Me Today.

Are You Ruptured?

No ruptured man, woman or child need be told of the suffering and agony resulting from the neglect of this awful affliction, nor of your many disappointments and failure to find a cure by experimenting with old-fashioned treatments, leaving you the sufferer in even worse condition than before, and mentally skeptical of ever being cured.

Every ruptured person in Indiana who calls to see me is entitled to a Free Trial of the

Dr. Osborn Self-Adjusting Rupture Appliance

REMEMBER—It required much of my time during the past 19 years also labor and great expense to perfect this wonderfully simple and effective Appliance and make it possible to assure you relief. Know also that I ask NO MONEY UNTIL YOU ARE SATISFIED, as hundreds of others are now.

I Can Help You Now, Tomorrow May Be Too Late—Come and Get the Proof FREE.

It makes no difference what your present physical condition may be or what you have endured in your vain hunt for relief—YOU HAVE NOT TRIED DR. OSBORNE'S SELF ADJUSTING RUPTURE APPLIANCE, and you will never be satisfied until you do.

FOOD INSPECTIONS BRING GOOD RESULTS

358 Grocery Stores in Indiana Inspected During July and Not One Found to be Condemned.

ONE DRUG STORE AS "BAD"

Indianapolis, Ind., Sept. 6.—Sanitary conditions in Indiana's food establishments are being improved, according to a succession of reports of inspectors. Several months ago the trips of inspection over the state revealed numerous unsanitary places and by drastic measures the number was reduced.

Only one drug store was listed as "bad" in July out of 108 inspected. Ten were rated as excellent, seventy-four as good, twenty-one as fair and two poor. In the cases of the last classification, the owners were given a limited period in which to clean up with the alternative of being closed and facing prosecution.

Of 358 groceries inspected there was not a condemnation. Two hundred and fifty of these stores were rated good, ninety-eight fair and eight poor. Two were classified as excellent.

Four ice cream factories were condemned and closed pending alternations and improvements.
